U. S. FLIERS HIT AXIS IN 4 WAR AREAS

G.O.P. LEADERS SEE TREND IN PARTY'S FAVOR

Despite Lack of Contests Vote Is 30,000 Higher Than Democrats'.

By H. H. DAUGHERTY
Associate Press Writer

COLUMBUS, O., Aug. 13—Ohio political sharpshooters pondered this question today: Why did Republicans poll a larger vote than the Democrats in Tuesday's primary?

There were three contests—the accepted lure for electors—for virtually all important Democratic nominations, while Republican inter-party rivalry was conspicuously lacking.

Gov. John W. Bricker, unopposed for a third term renomination, received about 30,000 more votes than the combined total of the five Democratic gubernatorial candidates, who polled 318,- votes.

Final unofficial returns in the Democratic gubernatorial race gave Frank A. Dye 12,441, Joseph T. Ferguson 101,270, Walter F. Heer 41,629, Clarence H. Kniselv 43,858, John McSweeney 119,501.

The total vote of both parties, however, fell under the estimate of 700,000. It will run approximately 650,000.

See Trend Toward G. O. P.

Republicans seized upon party vote totals as indicative that voters generally are more interested in Republican success in November.

The large Bricker vote, they insist, signifies his popularity.

Democratic leaders have offered no plausible explanation of the lag in the party vote in view of the important contests, particularly that for governor.

Clearly, Republican voters think little of the isolationist issue raised against incumbent congressman. By renominating each opposed incumbent by large pluralities, Republicans showed that they either approved their pre-Pearl Harbor views or consider them of no consequence now.

On the other hand, Democrats seemed to take the isolationist issue seriously and defeated Martin L. Sweeney in the 20th Cleveland district. Sweeney's opponent said he was an outstanding pre-war isolationist.

A second Democratic incumbent congressman, Robert Crosser of the 21st (Cleveland) district, withstood milder isolationist charges.

Democratic congressional candidates are expected to press isolationist charges against Republican opponents in the November campaign.

Since the Japanese attacked Pearl Harbor, however, the Republicans who previously were isolationists generally have shown an attitude of cooperation in this country's war effort.

Surprise in 10th

Orel Daugherty, a Nelsonville coal mine operator, produced an election surprise by apparently winning the tenth district Confressional nomination by write-in.

Reports from the district's six-counties—Gallia, Lawrence, Jackson, Athens, Meigs and Vinton—gave him 1,674 votes for the Democratic nomination, 26 per cent of the ballots cast. Daugherty needed only eight percent to place his name on the November ballot.

He certified as a nominee, he will oppose Thomas A. Jenkins, Ironton Republican and dean of the Ohio house delegation.

In the legislature race four incumbent state senators and nine state representatives were defeated for renomination. Twenty-four senators and 103 representatives were renominated.

Republican State Chairman Ed D. Schorr of Cincinnati was reelected a member of the state central committee without opposition, but J. Freer Bittinger of Ashland, chairman of the Democratic state executive committee, was defeated for reelection as 17th district state central committeeman. Charles M. Beer, Ashland county Democratic leader, polled 6,346 votes to 5,844 for Bittinger.

Schorr is expected to retain his position as chairman of the Republican state central and executive committees, while Darrell Davis of Newark, who managed Mr. Sweeney's campaign, may be Bittinger's successor.

Twin Brothers To Enroll in Same Class with Sister

By HALLIE HOUCK

Identical twin brothers and their sister from Marion will enter Ohio State university next month as freshmen.

They are Walter Edwin and James Everett Smith, 19, and Miss Olga Marie Smith, 27, sons and daughter of Delbert W. Smith of 342 Uncapher avenue.

According to a university official "we occasionally have three students from the same family, but it's rare that three are in the same class."

With money they have saved by working and with financial aid from their father, they expect to be able to round out the expenses of their triple education by working while in school.

Miss Smith probably will not work the first year because, she explained the other evening, it will take her some time to get back into the swing of studying. She was graduated from Harding High school in 1932.

To Rent Apartment

The trio will have an apartment in Columbus. The sister will do the cooking and the boys will

PLANT AREA ROADS OFFICIALLY CLOSED

County Commissioners Take Formal Action.

Eight county and township roads in the Scioto Ordnance Plant area were declared closed and abandoned by Marion county commissioners at a hearing this morning at the courthouse.

The resolution adopted by the commissioners stated the action was taken "in the furtherance of the war effort in which the government of the United States of America is now engaged."

Five county and three township roads are involved in the action.

The county roads are No. 195, known as the Linn-Hipsher road; No. 66, known as the Kenton-Gelion road; No. 167, known as the Likens road; No. 162, known as the Marion-Williamsport road, and No. 183, known as the Likens Chapel road.

The township roads are No. 175, the extension of East Fairground street; No. 185, known as the Lucas road, and No. 174, known as the Pole Lane road.

Closing of the roads to public traffic was requested by the government and on June 10 the commissioners made a tour of the roads involved. Monday, June 15, was set for the final hearing on the proposal, but at the government's request the hearing was postponed several times until this morning.

NEW TAX PLAN RECOMMENDED

Propose 8 Per Cent Sales Tax To Supplement Other War Levies.

By The Associated Press

WASHINGTON, Aug. 13—An 8 per cent sales tax to supplement heavy corporate and individual income levies for war purposes was proposed today by J. Cheever Cowdin, spokesman for the National Association of Manufacturers.

The NAM program called for $37,200,000,000 in revenue in 1943, a sharp increase over pending measures, on top of which was suggested consideration of compulsory individual savings.

While urging a sales tax as had the U. S. Chamber of Commerce, the NAM said a 5 per cent withholding tax on individual earnings, such as the Chamber also proposed, was "impractical and indefensible."

"Can Lose War"

Cowdin, in recommendations prepared for the Senate finance committee, called the revenue bill pending before it "one of the most important single measures to come before congress" and added: "A bad tax bill can lose the war."

Through Cowdin, the NAM surveyed 3,000 businesses and industrial units and estimated corporations would net about $18,000,000,000 this year.

It proposed the treasury take $11,900,000,000 in taxes and leave approximately $6,000,000,000—or 2.7 per cent of estimated gross receipts—for dividends, reserves and additional working capital. He estimated that on the same basis corporations would pay $13,500,000,000 in 1943.

Such a total, he asserted, was "far beyond the corporate payments anyone in government has so far estimated or asked for."

To make up the $37,200,000,000 total in 1943, the NAM would slash $2,000,000,000 from non-war expenditures, collect $5,200,000,000 by the sales levy, $9,000,000,000 in individual income taxes at rates lower than those now pending, and obtain $7,500,000,000 from excise, employment, customs and miscellaneous taxes not covered in its recommendation.

Inflation Near

"About all the ingredients of a runaway inflation are with us now," Cowdin declared, "and we

DEMOCRATS TO MEET

By The Associated Press

COLUMBUS, O., Aug. 13—Democratic party leaders from each Ohio county have been invited to an "open house" at the Neil House Saturday sponsored by the state league of young Democratic clubs, President Ralph Groves of Steubenville announced today. The organization will hear John McSweeney, Democratic gubernatorial nominee, and other successful primary candidates.

U. S. MARINES EXPAND HOLD ON SOLOMONS

Backed by Allied Sea and Air Attacks on Jap Bases and Lines.

By The Associated Press

GENERAL MacARTHUR'S HEADQUARTERS, AUSTRALIA, Aug. 13 — Firmly entrenched at three points in the Solomon Islands, U. S. Marines battled today to expand their positions with the backing of Allied sea forces and long-range air assaults on Japanese communications and reinforcement bases.

There was an unconfirmed Australian report that American parachute troops had been used as shock forces.

A spokesman here, asked for comment, said only that he never knew of such troops being landed from ship-based aircraft before.

A Washington navy announcement that operations had advanced to the point where the leathernecks were consolidating their holdings in the Tulagi area, in the southeastern Solomons, indicated that initial land opposition had been overcome after six days of hand-to-hand combat.

On Three Islands

The U. S. navy's communique said the Marines landed on three islands, whose names it did not disclose, in the Tulagi vicinity. It added that supporting naval craft were meeting bitter opposition, suggesting that the Japanese had thrown powerful surface and air units into the defense of their ground forces.

Flying fortresses, striking yesterday at Rabaul, New Britain, in the fifth raid there in five days, knocked out four enemy ships in the harbor of this base from which Japanese troops and supplies have moved to the Solomons.

One of eight challenging fighters was shot down and from three to six others were damaged. Not a single allied bomber was lost.

Another Area Attacked

Some 2,000 miles west of the Solomons allied airmen attacked Japanese shipping and base installations in the Dutch Timor-Banda sea area with undetermined results. The raid off Timor was believed to have been on the same convoy from which one ship has been sunk and two others, including a destroyer, have been damaged in two previous attacks.

In the Papuan peninsula of New Guinea, where quiet prevailed today, it was disclosed that American Airacobras were used as divebombers for the first time in the southwest positions at Kokoda, 60 miles across the Owen Stanley range from allied-held Port Moresby.

Report Marines Rout Japs on Tulagi

By The Associated Press

NEW YORK, Aug. 13 — The Japanese hold on the Tulagi area in the Solomons is believed to have been broken by American marines who have been strongly reinforced, Hayden Leonard of the Australian broadcasting commission reported today. His analysis of the situation was heard here by CBS.

Leonard was quoted as saying it was believed "the Japanese have been driven from many of their defensive positions after fierce, hand-to-hand fighting."

Another Australian broadcast said "hard and confused fighting is still in progress among the rubber plantations on the high plateau of Kokoda" in New Guinea, where the Japanese attempted on overland drive upon Port Moresby.

Hard fighting in which many Japanese were killed and wounded was said to have taken place during the past four days.

Jap Fleet Reported Driven Away

Berserk Driver Caught In Wild 45-Mile Chase

One of the wildest chases the Marion state patrol probably ever will be called to make was staged last night when one of the men dashed off a 45-mile drive in 46 minutes and wound up with a driver against whom lunacy charges were to be filed today.

The chase started at 11:15 north of Marion, at the junction of Routes 23 and 4 and ended at 12:01 at Broad and High streets in Columbus when traffic blocked the berserk driver.

The patrolman, on routine patrol duty north of Marion, saw a man driving south at a high rate of speed, passing everything on the highway, to the right or left, regardless of traffic.

The chase began.

Down through Marion they sped, across the intersection of Main and Center streets which is a busy intersection at any hour these days.

Ignores Barricade

On south on Route 23 the patrolman figured the driver would be stopped by highway work at the south edge of Waldo. The pursued man dashed through the obstructions and fled onward through Delaware, where main-traveled National Routes 42 and 36 cross Route 23, on to Worthington and into Columbus.

In the capital the driver passed street cars on the left side as he flashed down High street and in general disregarded every rule of traffic until he got to the Broad street intersection where blocked traffic stopped him.

Taken To Jail

The patrolman leaped from the patrol car, jerked open the door of the automobile and got the driver out of the seat. He took the man to the city jail in Columbus, where it was learned he was a resident of Coshocton county.

When it became evident that the man was mentally ill and not responsible for the wild chase he had led the patrolman, probate officials in Coshocton county were notified. The patrol said today that apparently the man had given some trouble on a previous occasion, because a relative today was filing a lunacy charge in the Coshocton county probate court.

NAZIS BEGIN NEW OFFENSIVE

Thrust Against Stalingrad Develops as Hard-Pressed Russians Retreat.

By The Associated Press

MOSCOW, Aug. 13—A mighty new German offensive against Stalingrad appeared to be taking shape in the Don Bend today as hard-pressed Russian forces in the Caucasus battled to halt constantly reinforced Nazi columns advancing toward three vital objectives—the rich Grozny oil fields and the Black Sea ports of Novorossisk and Tuapse.

Military advices reported the Germans were massing vast quantities of men and equipment in the Don elbow and told of a sudden intensification of fighting near Kotelnikovsk, 95 miles southwest of Stalingrad.

Both armies were reported throwing almost unprecedented numbers of men into the fray in this sector and there were indications that the battle might develop into one of the mightiest yet seen on the whole Russian front.

Thus far the Russians seemed to be holding their own on the approaches to Stalingrad, but the picture in the Caucasus, where Adolf Hitler is reaching for the oil to feed his fighting machine, was grave.

Bombers Pace Drive

New concentrations of dive bombers were reported pacing the German drive.

The army newspaper, Red Star, reported a three-day action, ended two days ago, in which Rus-

Immediate Payment Bill Passed by House Today

By The Associated Press

WASHINGTON, Aug. 13—Legislation permitting the war and navy departments to make immediate payments to dependents of servicemen under the recently-enacted allowance and allotment acts was passed by the house and sent to the senate today.

The original legislation provided that first payments be made Nov. 1, but benefits started to accrue June 1.

Rep. Rankin (D-Miss.), sponsor of the amendment, said it was intended to enable the departments "to take care of the needy cases now."

TB Has Caused 50 Armed Service Rejects in County, Clinic Reports

Steps To Remedy These and Other Cases Taken in Health Sessions Sponsored by Anti-Tuberculosis League.

Fifty men of Marion city and county have been rejected for armed service because of tuberculosis.

The figure was revealed yesterday afternoon when a reporter visited the fourth of a series of clinics which the Marion County Anti-Tuberculosis league is conducting at City hospital.

Funds from the sale of Christmas seals make possible conducting the clinics, which cost approximately $50 a month.

The number of men rejected because of tuberculosis was mentioned in connection with the fact that patients have ranged from an 11-week-old baby to a 76-year-old man.

When men are rejected the draft boards report the cases to the county health department. The statement does not indicate the type of tuberculosis or the stage of its development.

Usually men who are rejected for this cause see their private physician immediately and either begin private treatment or go to the clinic on recommendation of the physician. The county health department contacts those with tuberculosis and endeavors to have those who have not seen a physician to attend the clinic.

So far, most of the 50 men have sought treatment through one or the other source, it was reported yesterday.

No Comparisons Available

Whether the number from Marion county is large, small or average is not known, since figures from other counties are not available.

The war is revealing cases of tuberculosis through physical examinations—in many instances cases when men apparently were in excellent health—and it also is responsible for Marion having its own TB clinic.

Tire rationing precipitated Marion becoming a clinic center. Until May the clinics were conducted at the Jane M. Case sanitarium in Delaware.

Now the resident physician and clinician, Dr. Henry Bachmann, comes to Marion and is given the assistance of county health nurses in conducting the Marion clinic.

Group at Clinic

On duty yesterday from the county health department were Miss Helen Kater, tuberculosis nurse for Marion city, Prospect and Pleasant townships, and Miss Geneva Dutt, county health nurse.

Dr. N. Sifrit, county health commissioner, was present with Mrs. Sybil Bellos of New York City, representative of the National Organization of Public Health Nursing, who is making a survey of Marion community. Mrs. W. E. Miley, executive secretary of the Marion County Anti-Tuberculosis league, also was present.

Up to yesterday 73 cases had been examined. Twenty eight persons were examined yesterday. Of the total 101 persons examined 22 were "positive" and 79 were "negative," according to records in the county health office. It is believed that all of the 22 are now being cared for either in their homes or in one of the sanitariums, although there are instances when "positive" cases are non-cooperative and will not submit to treatment, the office reported.

When "positive" cases are discovered at the clinic, Dr. Bachmann's recommendation is sent to the person's private physician. If sanitarium treatment is necessary, the person goes either to Jane Case or to the Ohio State sanitarium at Mt. Vernon if he can afford the treatment.

Up until a short time ago the county commissioners assisted indigent cases by supplying half the cost of hospitalization at Jane Case, but the fund has been exhausted, and these cases now are handled by the public nursing service of the county health

FLETCHER GETS MARGIN OF 837

Hancock County Reports New Figures Boosting Winner's Vote by 490.

Brooks Fletcher's plurality in the race for the Eighth district Democratic congressional nomination was boosted to 837 today, mainly by an error discovered in the first reports from Findlay of the Hancock county vote.

The Hancock county board of elections this morning reported that the vote for Fletcher was 884, instead of 397, as was reported from Findlay yesterday. The board reported the vote for Dr. C. J. Altmaier of Marion was 284, instead of 267 as reported yesterday, and that the vote for Private John Siemon of Hardin county was 98, rather than 108 as first reported.

No explanation of how the error was made at Findlay has been received.

Fletcher Gets 490 More

The revised Hancock county report gave Fletcher an additional 490 votes to the 343 plurality reported yesterday and he gained four more votes in other recounts.

Following are today's reports of the Fletcher-Altmaier vote in the district:

Marion — Fletcher, 605, Altmaier, 1,420; Crawford—Fletcher, 1,463, Altmaier, 916; Hardin—Fletcher, 518, Altmaier, 255; Morrow — Fletcher, 332, Altmaier, 258; Wyandot— Fletcher, 548, Altmaier, 400; Hancock—Fletcher, 884, Altmaier, 264.

C. G. Ritzler, deputy clerk of the Marion county board of elections said this morning he believed there would be no change in the congressional totals reported from Marion city and county, although the official count would not be known until early afternoon.

The official report from the Morrow county board of elections tallied exactly with yesterday's unofficial returns, according to the official count received this morning by Mr. Ritzler.

STAGE ALL SET FOR JUNK RALLY FRIDAY

Street Party To Launch Campaign of Metals and Grease.

Come dance and be merry at the "junk rally" to be staged Friday night on South Main street, but in the meantime be collecting every scrap of iron, steel and other metals and every drop of bacon grease and other fats to help the allied forces, is the invitation of the metals and fats salvaging committee sponsoring the dance.

Marion city and county's goal is 500 tons of scrap iron and the goal in the fats salvage is 12,000 pounds a month for the duration. The need for scrap materials of all kinds—immediately—is a serious matter, the committee points out.

Last-minute plans are being completed today for the dance which will start at 9 p. m. and continue until 11 p. m. There will be brief talks in the interest of the salvage drives during an intermission. The Eagles band will open the festivities and music for round and square dancing will be furnished by WMRN "Chuck Wagon Pals" and the Radio Rangers and Dick Zahn's orchestra. There will be roller skating for children.

Plans are in charge of committees headed by Clyde C. Caldwell and George Alber, co-chairmen of the salvage committee.

1ST BIG SCALE ATTACKS BEGUN ON ALL FRONTS

Troops, Planes and Warships Participate In Smashing Offensive Assaults.

By The Associated Press

United States troops, planes and warships smashed at the Axis on far-flung fronts across the world today in a mighty display of America's rising offensive power.

These were the highlights:

Western Europe — Striking against Germany for the first time on a big scale, U. S. army fighter planes executed 31 sorties from bases "somewhere in Britain" during the past 48 hours, it was officially announced.

U. S. headquarters in Europe said American fliers made three sweeps over the Nazi-occupied French "invasion" coast, carried out 20 missions at sea and engaged in eight interception flights off the English coast. No losses were mentioned.

Mediterranean — Huge American bombers, manned by U. S. pilots, inflicted great damage on three Axis cruisers in an attack on the enemy-occupied west coast of Greece.

Southwest Pacific — American marines, supported by United States and Allied warships, were reported to have won the first round in the seven-day-old battle of the Solomon Islands, 900 miles northeast of Australia. One report said the Americans had broken the Japanese hold on the important Tulagi area in the heart of the battle zone.

China War Area — U. S. army bombers pounded the Japanese-occupied town of Yoyang (Yochow) in northeast Hunan province, inflicting heavy damage without loss to themselves.

Yank Fliers In 31 European Attacks

By The Associated Press

LONDON, Aug. 13 — United States army air fighting forces have entered the European fray on a large scale for the first time, having engaged in 31 operational sorties during the past 48 hours, United States European headquarters announced today.

U. S. fighter squadrons, flying in conjunction with RAF fighter units, made three such flights over the coast of France.

Twenty of the missions were over the sea and eight were interception sorties off the coast of England, the communique said.

The text of the announcement:

"The following United States army air force operations occurred during the 48-hour period from 9 a. m., Aug. 11 to 9 a. m., Aug. 13:

"United States army air force fighter squadrons, flying in conjunction with RAF fighter squadrons, made three operational flights over the coast of France.

"United States army air force fighter aircraft participated in 20 sea sorties.

"United States army air force fighter aircraft participated in eight interception sorties off the coast of England."

These American formations flying British-made Spitfires thus won a friendly race with the U. S. bomber command to be the first complete all-American units to participate in the air war.

The first Fourth of July raid by American crews in six bombers over the occupied lands was a scattered operation by an incomplete unit.

The 31 operations were carried out in sweeps with units from the RAF.

The American units had been established on fields within easy reach of France for several days awaiting only good weather.

The first operations took place only a few hours after Maj. Gen. Carl Spaatz, chief of the U. S. army air forces in the European theater, had announced that his men were ready to strike Germany "in the immediate future."

U. S. Bombers Hit Axis Warships

By The Associated Press

CAIRO, Aug. 13 — America's huge bombers, swooping out of a setting sun, scored great damage on three Axis warships at Pylos (Navarino) on the west coast of Greece, making two direct hits on one cruiser, setting a second afire and causing an explosion aboard a third, it was announced today.

A terrific explosion also was caused aboard the cruiser on which the two direct hits were made, and black smoke was seen pouring from the second cruiser as a result of either a direct hit or a near miss.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

FARM YOUTH MAKES TON LITTER RECORD

Warren Seiter To Receive Medal from O. S. U.

Warren H. Seiter, son of Mr. and Mrs. Roy Seiter of the Richland pike, is the owner of a ton litter of pigs, it was reported today. The litter, 12 Poland Duroc pigs, were weighed yesterday at the feed and grain elevator and tipped the scales at 2,500 pounds.

Warren, who will be a sophomore in the vocational agriculture department at Pleasant Township High school next year, is the first vocational agriculture student in the school to register a ton litter in the last 10 years. His family is interested in stock raising and farming, and his brother, Harold Seiter, was the first student at Pleasant school to be named a state farmer, an honor he captured in 1935. Delbert Lichtenberger, vocational agriculture student, fed a ton litter in 1932.

The litter was farrowed Feb. 11 and attained the ton litter weight in the alloted 180 days. Their feed included corn, oats, wheat, barley, tankage, soy bean oil meal and commercial mineral. The mother is a Poland Duroc cross and the sire a pure bred Poland. For the achievement Warren will receive a medal from the vocational agricultural division of Ohio State university.

A number of other boys in the vocational agricultural class taught by Milford Schmidt are feeding litters in hope of winning the coveted award. They are Giles Hoch, Gordon Eichhorn, James and Dean Cusick, Donald Seiter and Donald Almendinger. Warren also is feeding two other litters which he hopes will be ton litter winners.

CHEAP LOAN
Our loan number 244285 was a sad and sorrowful salesman. He told us his bills and debts had him so worried and upset that he couldn't sell gold bricks at a dollar a throw. But a loan of $200 paid off everything. What a relief! His sales went up. His commissions grew and almost before he knew it, his loan was repaid at a total cost of only $18 for a full year.
Says he, "That loan was worth 3 times its cost to me."

For VIGOROUS HEALTH and RICH RED BLOOD
Choose Nuco-Ferrin for Effective Results
The facts are simple, because of all the conditions affecting the human body a "low blood count" is the most deceptive. If you feel run down, poor appetite, have lost weight—chances are if you restore those precious red-blood cells back to normal your troubles will be over.
In Nuco-Ferrin you go after the trouble in two ways. First you increase the appetite and better your stomach digestion in order to get more food out of the food you do eat. Secondly, thin, weak, watery blood is made rich and red again thus giving you the vigor and vitality you need for a healthful and happy life. Try Nuco-Ferrin today on a money-back guarantee. VICE CLEANUP STILL PUSHED

Baldinger Still Calls for Action as Names of 46 Permit Holders Come Up.

Names of 46 liquor and beer permit holders in Columbus and Franklin county whose licenses Lt. Col. O. M. Baldinger, commandant of the Lockbourne air base, recommended be revoked in a cleanup of vice conditions, were filed yesterday with State Liquor Director Jacob B. Taylor by the war emergency civil authorities committee of Columbus, according to a news report.

The committee's letter to the state liquor director contained no recommendation on the 46 names but it included a copy of the letter Colonel Baldinger sent to the committee more than a week ago when he submitted a list of 68 names. Names of the 22 others were filed with the director Saturday, with the recommendation that the licenses be revoked.

Yesterday Mr. Taylor said he would submit the list of 46 to the liquor board and that he had not conferred with the board on the first list.

It was indicated that the committee will ask the former Marion man who now commands the air base, to attend a meeting next Wednesday at which action may be taken on a proposal to ban dancing in liquor and beer places in the county and set a midnight curfew for such places "for the duration."

The Franklin County Tavern Keepers' association has voted in favor of the proposals and has frowned on strip-tease, vulgar and obscene exhibitions.

Colonel Baldinger "was astounded at the fact that they did not see the need for immediate action" and that the liquor board had not called "an emergency meeting," the committee chairman said yesterday.

The chairman, Frank Kirwin, added:

"He said this is much more serious than people want to believe. He said he would not be satisfied with the permit holders merely eliminating the things against which he complains."

Fort Hayes To Cooperate

Mr. Kirwin said Colonel Baldinger told him that Fort Hayes officials have asserted that "they are watching the action of civil authorities" and that if the authorities fail "they will cooperate with him in asking that the May act be invoked."

Board 3 List of 18-20 Draft Registrants

Names of those registered in Draft Board 3 (rural) in the Fifth registration, 18-20 year-old group, were announced today by board officials The list of Board 1 appeared in The Star recently.

The number before each name is the local order number and indicates the order in which each registrant will be called:

Argument Closed

IT HAS BEEN a long time since an expert said anything about the issue of air power vs. sea power or land power. The newest action in the Pacific, following the now well established pattern, shows what has happened.

As a matter of practicality, not theory, air power now leads the way. First, it locates, then it opens the attack, serving later to protect sea power and land power as they are brought into play. There is no longer any question of relative value. It has been accepted by militarists that air power is the indispensable third arm of combat. When it is remembered how many years were wasted while long-winded experts argued about something that could have been proved in a half hour of open-minded experimentation, it is enough to bar experts forever—but they will be back some day in all their glory.

Gandhi Has Something

IT'S AN odd thing that a feeble old man with no more fighting power than a sick rabbit can steal the news spotlight in the midst of history's greatest war, but that's the way it is. An idea can hold its own with all the high explosives there are.

Mohandas K. Gandhi is a man with an idea. His record shows that he tied the British in knots the first time in 1919. In 1920 he was undisputed head of the Indian nationalist movement, dedicated to a campaign of non-cooperation. In 1921, non-cooperation blossomed into civil disobedience. Since then, Gandhi has been in and out of jail and the news.

In 1928 he gave the British one year in which to grant India dominion status. At the beginning of 1930, civil disobedience was started again and Gandhi went to jail. Another campaign was begun when the round table conference on India fizzled in London, after Gandhi had been released. In 1933 he was in jail again and was released after a hunger strike. From that time until now, he has been relatively obscure—but now he is in Britain's mane again and doing more damage than ever. It is hard to understand from a distance just what it all means, but easy to believe that for the last 20 years Mohandas K. Gandhi has caused more trouble for a person of his weight and height than any other person on earth armed with nothing more persuasive than a conviction that sometime, somehow India should get out of the British empire.

Why?

A LOGICAL person confronted with a statement from the office of price administration that rationing books and forms were being prepared on shoes, clothing, and fuel oil would conclude that the OPA finger is being pointed at those commodities. Thereafter, if so inclined, he would think about buying a few clothes and a pair of shoes. If enough logical persons did this, there would be a shortage and rationing, it might be expected would follow as a matter of necessity, instead of choice. It would not be logical, therefore, for OPA to say anything in advance about the possibility of rationing, unless its purpose was to hasten the process. Yet, that is exactly what has been done in the case of shoes, clothing and fuel oil, just as happened previously in the case of sugar, tires and, in the seaboard states, gasoline. It is not easy to understand. It is impossible to do anything else but wonder why OPA seems to have adopted a policy of making its tough job tougher than it needs to be.

It Would Be Worth Trying

BEFORE the end of this year—but probably not before election day—the government will do something about rubber. It will have to do something because by that time about 25 per cent of the country's automobile transportation will be gone forever and most of the other 75 per cent will be on the ragged edge.

It is common knowledge that the government doesn't know what to do. The report is that Mr. Roosevelt hates to think of nationwide gas rationing, that speedometer checking is too complicated and so on. But there is one way to save tires that would be almost as easy as changing one. No one even bothers to discuss it.

The President would make one of those famous fireside chats. He would tell his countrymen how serious things are. He would ask them not to drive their cars anywhere they could keep from going to—or could reach in some other manner—and that would include most of the driving most of them do. Within one week after this had been done, more rubber would have been saved on ordinary passenger cars than has been saved in any average month so far.

It would be worth trying for another reason. The American people are getting the idea that Washington is taking their worst nature for granted these days. They are capable of some mighty bad performances, but they are capable of some mighty good ones, too. It would be a morale builder for all concerned if Washington would take it for granted just once that the citizens over whom it watches paternally are a pretty decent lot at heart.

News Behind the News

Policy of Putting Fighting Spirit at Top Seen in Appointment of New Generals.

By PAUL MALLON

WASHINGTON, Aug. 13— Mr. Roosevelt's appointment list of 105 new generals (major and brigadier) may have meant no more to the general public than reading a page from the telephone book, but to those who see the army up close, or from the inside, it represented an inspiring effort to put fighting spirit and quality at the top in the field.

No more than two or three names could cause fellow officers to ask themselves the usual question:

"How in hell did he get up there?"

The number of duds and dudes assayed no higher than two or three per cent, which is a record.

These new generals average somewhere around their middle forties in age, not as young as might be, but young enough. They are generally to take fighting tank commands, new air borne divisions, the airplane ferry command, and some are now already overseas.

Their choice is a tribute to the inner army efficiency reporting system. A few were plucked out for exceptional personality and ability, without a record, but most were chosen because they had efficiency records.

The list is a definite answer to the popular prayer for aggressive leadership in the field.

Unintended Hoax

Those front-page official government photographs showing how Nazi saboteurs had ploughed our fields into huge arrows, or marked them with sacks of grain to direct the way for Nazi bombers to our strategic objectives, may turn out to have been an unintended government hoax.

The war department has announced it is investigating their authenticity, and has promised appropriate action against the culprits.

These photographs were prepared months ago by our own forces to illustrate what army aviators might expect from Nazi saboteurs, not what the saboteurs had done. They were intended to warn our fliers as to what to look for, while flying around the country.

Authorities at a certain eastern airfield discovered these old pictures, after the trial of the eight saboteurs here, and presumably somehow reached the erroneous conclusion that they represented actual sabotage work, already done.

The photos were released to the press as such. Headquarters here, discovering the mistake, issued its tight-lipped doubts and promised inquiry.

Such a scare-blunder may be expected once in the colossal business of conducting war—but not again.

Correction

When officers are serving overseas, the official text of their commissions for promotion is sent to their families. One such Florida family was amazedly proud the other day to see notice that a son had been commissioned a brigadier general — especially as he was only a second looey. They could not believe it. In fact, they were so amazed, they sought confirmation.

Only then was it discovered that a commission for their son to be promoted to a first lieutenant had been sent to the Iowa family of the brigadier general who had the first and last names (Harold M. McClelland) and they had received the brigadier generalship through a mistake. The correction left them only slightly less proud.

War News

The Admiral King statement, telling the first news of our attack on the Solomons, has been rightly heralded by commentators as a gratifying innovation in official news policy. While it told little, it did so promptly, which is an improvement.

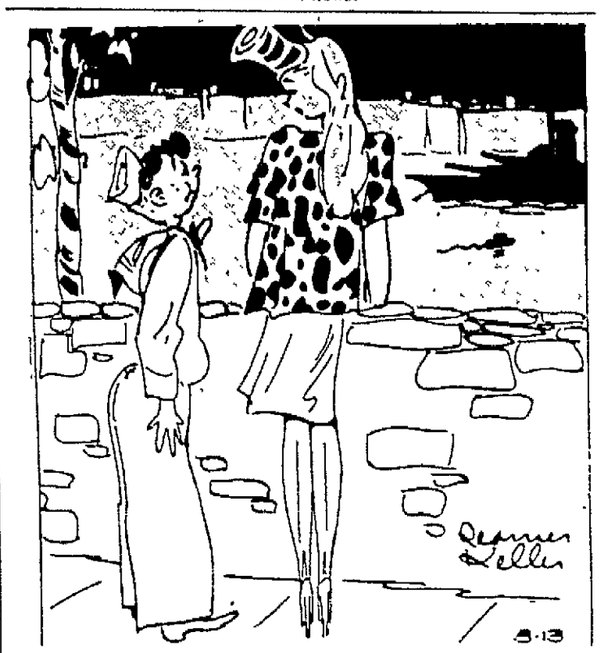
But it seemed to me also to represent a characteristic defensive type of official publicity that has gone on too long. A defensive statement in my mind is one which is responsibe to accusation in character, or carries an apologetic or defensive undertone. It is not self-assertive, firm, confident.

Admiral King said we attacked, but did not say how. However, he said the Japs counter-attacked "with rapidity and vigor." Furthermore, he strongly stressed the point that the action was very dangerous and "considerable losses" must be expected "for the hard-won experience."

The statement was concocted in response to the grandiose Jap claims and thus may have assumed a defensive nature, or perhaps was intended as a forecast of bad news. In any event too many of our officials feel they must be defensive in their statements, even when announcing offensive action.

The public must know it is in a war by now, and that wars mean casualties. The heaviness of them is not as important as whether we won or lost.

From a humane standpoint it is regrettable anyone should die in war, but common sense tells everyone that victories bring the war to an earlier conclusion and thereby really save lives in the long run, no matter the immediate cost. That we are fighting aggressively to gain them, therefore, is the best possible news.



"Pick me up, Helen. I want to look you in the eyes and tell you something!"

A Berlin dispatch reported that President von Hindenburg had a 15-minute conference with Adolf Hitler, head of the National Socialist party, and announced after the meeting that the present cabinet under Chancellor Franz von Papen would remain in office. Hitler reiterated his demand that on the strength of his party's power in the reichstag, he be made chancellor of Germany. The president refused "for moral reasons and for the sake of the fatherland." He added that his conscience would not permit him to entrust to one party the sole responsibility for the entire German people. He entreated Hitler to be content with a cabinet office but not that of chancellor. Hitler refused. He asserted that nothing but the chancellorship would satisfy him and that he would not share responsibility with others. The news dispatch reported. "He straightened his shoulders, clicked his heels, saluted and left." Hitler announced to Chancellor von Papen that his policy would be one of determined opposition to the present government.

Preliminary steps in the organization of a Morrow county Taxpayers association were taken at a meeting held at the fairgrounds. James W. Smith of North Woodbury was elected temporary chairman and Ward People of Congress township secretary.

BREAKING THE TOE-HOLD

Today and Tomorrow

How To Give India Independence Plus Unity Within Itself Is Big Problem.

By WALTER LIPPMANN

INDIA is a subject which is as remote from the political experience of all of us in America as Einstein's mathematics are from ordinary arithmetic. For no matter how many times we are told that "India" is no more a nation than "Europe" is a nation it is not long before most of us fall back into talking as if the Hindus of the Congress Party are India, and Gandhi is the George Washington of the Indian nation demanding independence from King George III.

Thus there are eighty or ninety million Moslems in India as many as there are Germans in Europe. The Moslems and the Hindus are at least as much opposed to each other as were Protestants and Catholics during the religious struggles of the seventeenth century. There are also the "depressed classes," some sixty million—more than there are Italians in Europe—who are excluded from the caste-bound society of the Hindus. There are also ancient kingdoms in India, and there are a number of relatively small energetic nations, such as the Sikhs.

The problem of India is how the separate peoples of India can be both independent and united. This is a problem which the separate peoples of Europe have never been able to solve though they are politically more experienced than the Indians. No one has ever found a way to give the peoples of Europe self-determination and independence and at the same time to unite them in one European commonwealth. Any American who thinks he knows how to solve the Indian problem ought to find the solution of the European problem child's play. For what has never been done in Europe, both the Hindus and the British have been trying to do in India. They have been trying to keep all of India under one government and yet to assure the Hindus, the Moslems, the depressed classes and the Indian kingdoms the privilege of independence.

Difficult Problem

How difficult, and perhaps impossible, it is to achieve this dual result may be judged from what happened in the provinces of India which between 1937 and 1939 had complete self-government under the rule of the Congress Party. Every year the Moslems who were ruled by the Hindus solemnly observe the end of this experiment by celebrating "deliverance day." Their leader, Mr. Jinnah, who is to the Moslems what Mahatma Gandhi is to the Hindus, has ever since demanded separate Moslem states — called Pakistan — which would be as independent of the Hindu states—called Hindustan—as France from Germany.

So well do the Congress Hindus understand how well-nigh impossible it is for India to be both unified and independent, that when the British used to promise them independence as soon as Indians could unite, they charged the British with insincerity. They said that since the British were offering independence under the one condition — namely, unity — which could never be fulfilled, the British never meant to get out of India.

It was not until the Cripps mission that the British government faced this dilemma and said that India could be independent even if that meant the end of the unity of India. Under the Cripps proposal, the Moslem regions do not have to become part of an India ruled by the Hindu majority.

It is clear, so it seems to me, that the real cause of the present Hindu revolt is not the disbelief that the British will leave India but the realization that they are certainly going to leave India. Ever since 1935, when the British began their withdrawal from India, the struggle between Hindus and Moslems has become sharper. It was bound to become sharper the nearer the Indians got to independence. For once it was certain that Britain was going, and going fairly soon, a terrific struggle was bound to ensue as to whether the Congress Party Hindus were to rule all of India. The stakes are tremendous. The stakes are an empire. And Gandhi's demand that his party be granted immediately the control of the war-time government of all of India is the one way in which a Hindu empire might be established and consolidated.

How to Yield

But to yield to the Congress Hindus' demands would be to place in their hands for the domination of the whole of India all the dictatorial war powers plus the military support of the United Nations. This would call for the abandonment and, in effect, the betrayal of the Moslems in order to obtain the collaboration of the Hindu party. This would have been a mighty poor bargain, considering the fact that the Congress party is led by men who have no stomach for resisting a Japanese invasion and are prepared to negotiate a separate peace.

How, we may ask, would the Japanese deal with the Indian problem if they conquer India? We know fairly well from what they have done in China. They would partition India and set up puppet governments under their

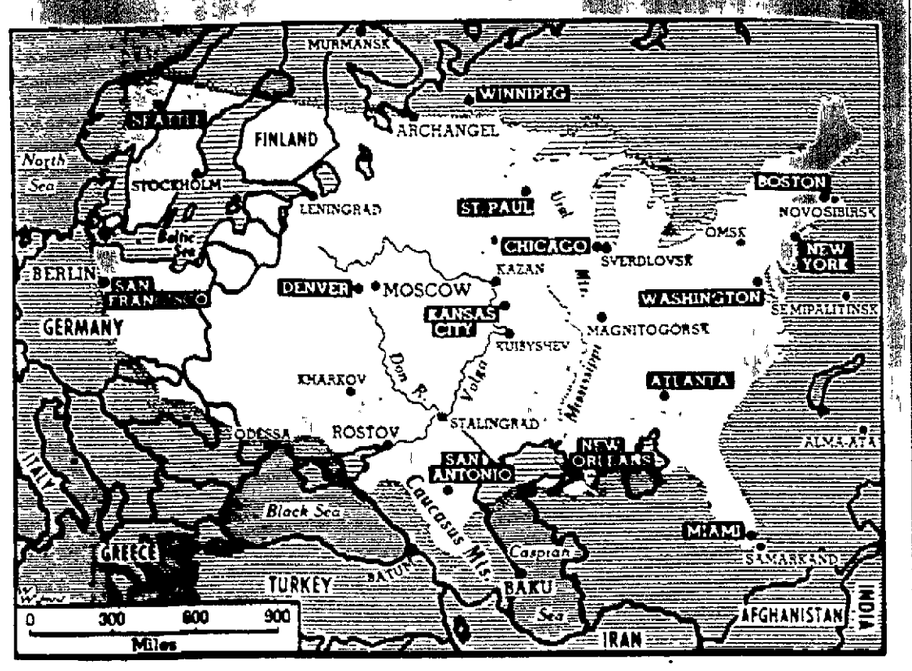
Russian Campaign in Your Back Yard



Wide World Features

PLACE an outline map of the United States over the theater of war in Russia, with San Francisco superimposed on Berlin, and you get a picture of the immensity of the campaign in terms of distances and areas familiar to Americans. Thus Denver is just west of Moscow, and the German line of advance runs roughly southeast through Denver into Texas, with Stalingrad due north of San Antonio. Any penetration south of Rostov toward the Caucasus takes in a large portion of Texas, and the whole conquered area corresponds to about a third of the territory between the Pacific coast and the Mississippi River. The Urals, where the Russians would be forced if Hitler's campaign should be completely successful, stretch along the east bank of the Mississippi river.

Quartets

They Used To Have Terrific Drawing Power But Declined When Vaudeville Fizzled Out.

By DAMON RUNYON

THE DEATH of Aubrey Pringle not long ago revives memories of a once celebrated feature of the American entertainment world, the quartet. A vaudeville bill was scarcely complete without a group of four gents making with the unison harmony. Some of these combinations, such as that quartet of which Pringle was a member, were enormously popular.

The other members of that quartet were Frank Morrel, Harry Sylvester and Poodles Jones. I believe Pringle, who died at the age of 70 in St. Vincent's hospital in New York, was the last survivor. He sang bass in the quartet. He came from Napanee, in Ontario, Canada, and is now buried there.

In its heyday, that quartet was one of the highest paid of all the harmony groups, drawing perhaps $1,000 per week, which was big money for those times. It played a long engagement at Hammerstein's in New York and had a big reputation all over the country. Aside from their singing, the members also had considerable fame for their playfulness outside the theater. They were all fast men with a dollar, as the saying is, and great guys.

IN HIS later years, after the quartet disbanded, Pringle worked for Baron Long at the Vernon Country club outside Los Angeles and at Daddy McKee's, which afterward became the Winter Garden. He was on the door at both places, occasionally singing a song. Then he had a spot of his own called Tumble Inn at Venice. If memory serves, the last time I saw Poodles Jones he was working for Billy Rose in a cafe that Billy had churned up in a theater in West 54th street in New York.

That quartet was unique in that all the members had individual reputations. The theater goers of their era knew their names well. In other quartets, usually only a couple of the singers stood out and the membership might occasionally change. But that quartet was Pringle, Sylvester, Jones and Morrel as long as it lasted.

A quartet had two tenors, one called the lead and a baritone (and bass. They took fanciful titles for billing purposes and some were strong on costuming, usually dressing to their titles. I was a terrific quartet fan in my day, and in fact I confess that I was a frustrated amateur quartet warbler. My difficulty was that I could not carry a tune. Even the bartenders of my youth protested against my efforts.

I CANNOT say just when quartets began going out of fashion in the entertainment world, but I suppose it was with the decline of vaudeville. You seldom hear of them any more, though some survive on the radio. A combination known as the Revelers came to great fame and high salary on the radio but that was after the big days of the old time quartets.

Among my favorite groups were the Empire City Four, and the Avon Comedy Four. The former was made up of Harry Cooper, Irvin Cooper, Harry Tally and Harry Mayo. The latter had a changing personnel always built around the famous Joe Smith and Charley Dale. I believe the original members other than Smith and Dale were Jack Coleman and Lester, whose first name escapes me, but who is now a theatrical man in Detroit.

Afterward came the melodious Eddie Miller, Frank Corbett and Joe Goodwin and perhaps others. But Smith and Dale were never absent. They originally had a dancer called Cookie, so the Avons were really a quintet. However, they have gone into vaudeville history as a quartet. I will tell you more about quartets.

Indiana vs. Japs

By TOM MADDOX
Wide World Features

ELKHART, Ind.—Farmers in the muckland of northern Indiana and Purdue University scientists at Lafayette, Ind., are engaged in an economic battle with the Japanese—and they be content with nothing less than an unconditional surrender.

They're working to expand their peppermint crop, from which menthol is obtained, among other valuable items, with an eye to "taking over" the menthol market from Japan.

Seventy-five per cent of American-produced peppermint is grown in northern Indiana and southern Michigan.

Annually American demands on Japanese peppermint oil have soared to 500,000 pounds. All the while American growers have satisfied themselves with production of peppermint oil but, with the war, they've seen their chance and they're out to seize it.

A $3,000,000 crop of peppermint oil will be "harvested" this year in northern Indiana, or about 700,000 pounds from 20,000 acres. Increased acreages are planned for next year.

Fay C. Gaylord, in charge of marketing and vegetables at Purdue University, and other chemists at the school are the "brains" behind this economic warfare.

The scientists hope to step up the percentage of menthol content in the Hoosier-grown peppermint and to perfect methods of extraction a part of the content without lowering the grade or usefulness of the mint oil.

Many valuable commercial products require menthol, including medical compounds, for flavoring and shaving creams and lotions.

The scientists contend the farmers of northern Indiana can run the Japs out of the menthol business permanently. However, the content of menthol in the domestic peppermint oil must be stepped up from 50 to 75 per cent to meet the Japanese menthol content value. The trick in getting a higher menthol percentage is in letting the crop mature just a little longer.

This year many American firms are still using menthol out of containers marked, "Produced in Japan," but next year, say the scientists, menthol containers will be labeled with Indiana stickers.

Made in America

From Nation's Business

Remember "Lightnin'," a theater hit of some 20 years ago? Remember where that lovable braggart, Frank Bacon, boasted that he had driven a swarm of bees across the mountains the dead of winter "an' never lost a bee"?

It remains for the Railway Express Agency to beat that record. In 1941 it carried 310 tons of live bees from 64 points in seven southern states to 13 states in the middle and northern sections of the United States and to seven Canadian provinces.

Bees are shipped in colonies numbering 10,000 to 15,000, fed enroute with sugar syrup. Express men are charged with the duty of giving the air and lightly spraying them with cold water on hot days.

In the past two years the Express Agency made 30,237 shipments and collected $96,341 for the service. The demand comes from orchardists seeking to assure pollenization of fruit blossoms and from honey producers who find it cheaper to replenish their stock with new bees than to maintain insects through the long cold season of the north.

This activity, which we didn't know about until just the other day, makes us respect still more the ingenuity and resourcefulness of our free-born American citizen.

WORKERS' TRANSFER TO WAR JOBS SET

Agreement Would Protect Employe's Seniority on Old Job.

Refusal of workers with critically needed skills to accept transfer from non-essential to essential employment may be eliminated within a short time, Fred P. Scherff, manager of the Marion office of the United States Employment Service announced today.

The refusals, termed by Mr. Scherff "a considerable handicap to the war effort in recent months," have been caused mainly by workers' fears of losing seniority rights.

Through the operation of a new management-labor agreement devised by one of the Ohio offices of the U. S. Employment Service and recently approved by Washington for use throughout the nation, the number of refusals is expected to be greatly reduced.

According to Mr. Scherff the agreement provides that when a worker is released from a non-essential job for temporary employment in war industry, his seniority rights will be maintained by his former employer and that re-employment will be on the basis of seniority. It also states that if the former employer secures a contract for war production, the worker shall re-enter his employ on fulltime work at his highest skill, within seven days after receiving notice, or void the seniority agreement.

An exception will be made in cases where the worker during temporary employment has increased his skill above its previous level. In such an instance if the worker provides adequate information concerning his increased skill within seven days following recall by his former employer, he need not return to his former job and can not be penalized.

In the event of a difference of opinion between worker and employed as to the increased skill of the worker, a decision will be given by the U. S. Employment service or a designated representative.

ENTER O. S. U.

(Continued from Page 1)

pitch in and help with the work around the apartment.

Miss Smith, who graduated from Harding in the general course, will enter the college of education and will major in history and social science.

The twins, graduates of Harding in 1941, will go their separate ways at the university.

Edwin, who works at the Malo Bros. scrap iron and metal yards, is going into personnel work and Everett, now employed by the Quality Coal Co. in Galion, is going into the college of commerce to study shop management.

The boys have a feeling though, that before they're out of college—and if they are not called to armed service in the meantime—Edwin will have landed in a course directing him into the advertising field and Everett will have decided to go into the law college.

"I always said that if I didn't get to college there would be something missing in my life," Miss Smith said as she smiled happily at the thought of entering the university in September.

The three have always been quietly determined to go on with their education, but not until a year ago did they begin to get down to the business of discussing ways and means.

The twins selected a university in southern Ohio, their sister chose a university in the northern part of the state. One of the sister's friends heard of their plans and predicted: "I'll bet the three of you land at Ohio State."

That started them to thinking about Ohio's largest institution of higher learning which is one of the largest universities in the United States. They went to Columbus, visited the university, talked with several of the deans and made their decision.

One thing that delayed Miss Smith's going to college was the death of their mother in the fall of 1931. A younger sister, now Mrs. Helen Davis of Mt. Gilead, did not graduate from Harding until 1934 and there were the twins to think of, so the eldest sister made a home for her family, assisted by women who came in to do the cleaning and laundry.

Six years ago she took charge of the photograph booth at the S. S. Kresge Co. store at 144 West Center street and she expects to work there until shortly before college opens.

Serious Student

In high school Miss Smith was a serious student, interested in making good grades—and she did make the grades—studying Latin and French along with other subjects selected in the general course.

The twins, who didn't care for languages, now have to make up the language requirements of the university in their first year. The twins also graduated in the general course and were elected to the Harding chapter of the National Honor society.

Both young men were in the junior play their last year at Thomas A. Edison Junior High school. Edwin in the lead and Everett as a policeman, and Edwin was on the staff of the school paper. Edwin was president of junior class and Everett was the treasurer. At Harding they were in Props and Q's, the dramatic society, and the Hi-Y. Edwin was vice president of the Hi-Y.

Hate to Leave Home

The brothers and sister have found only two drawbacks to going to college—leaving their dad and leaving "Joe," their dog.

Mr. Smith, who is assistant manager at Malo Bros., can go to visit their sister in Mt. Gilead when he gets lonesome or drop down to their apartment in Columbus, they console themselves.

But for Joe there's no such escape from loneliness. Joe is tough on chickens, and Mrs. Davis has a lot of them, and dogs aren't welcome on buses and trains.

It looks as if Ohio State's gain is going to be poor Joe's loss.

U. S. Bombers Attack Japanese-Occupied Town

New Ship Sinking Breaks 4-Day Lull

By The Associated Press

A four day lull in announced ship sinkings was broken by the navy yesterday in disclosing the loss of a small Dutch merchantman with a death toll of 23 crewmen in late July when a submarine's torpedo sent her to the bottom off the east coast of South America.

Only 14 seamen were rescued after the attack which broke the vessel in two and made it the 420th announced wartime merchant victim in the western Atlantic area, as tabulated by The Associated Press.

A British merchant vessels directed to the scene by a navy patrol plane picked up the survivors after two days spent on life rafts.

KEEP AMERICA'S FUTURE SAFE!

A Shell and Reckless Driving Both Cause DEATH . . . . .

Our soldiers are doing their share—and more—to keep the threat of enemy shells as far as possible from Main Street, U. S. A. Let's not sabotage them with reckless driving on the home front! Let's remember, every accident that costs American lives and materials helps the axis . . . and makes the final victory that much farther away. That daredevil stuff may be all right in the circus—but it's just that much death and destruction on Uncle Sam's highways. So, let's drive slowly and carefully! Let's take care of our cars! Let's keep America driving to Victory!

MISS LAUREL HANLEY, whose engagement to Private Richard A. Leffler of the air corps was announced this week, was complimented with a dinner and shower last evening at Ringer's Inn by members of her bridge club. Her gifts, placed around a large airplane decorated in blue and yellow, were caught with streamers in the same colors. In bridge honors were won by Mrs Lowell Williams and Miss Hanley received a special award. Present with Miss Hanley were Mrs. W. H. Hanley, Mrs. Donald Maplot of Lima, Mrs. Stanley Strawer of Cleveland, Miss Pauline Scelton, Mrs. Lowell Williams, Mrs. Joseph Jordan and Miss Elizabeth Gray.

Husbands and families of the San Souci club and several guests were entertained at the home of Mr. and Mrs. C. K. Gruber of the Columbus-Sandusky road last evening. The occasion was the regular meeting of the club. Garden flowers decorated the tables at which the guests were seated for refreshments and appointments were in the club colors of pink and white.

Guests aside from the husbands of the members were Mr. and Mrs. Russell Fett and daughter, Shirley of Bessemer, Pa., Mr. and Mrs. Francis Gruber and son, Mr and Mrs. Warren Gruber and Miss Flora Mae Wilcox.

A program included a vocal duet by Mrs. Alpheus Gruber and Mrs Harry Long, accompanied at the piano by Mrs Homer Moehn, and readings by Jean Click and Mrs C W Fetter. A letter was read from John Gruber, who is at Fort Leonard Wood, Mo, in response to a gift and cards sent him recently for his birthday anniversary. An afternoon meeting was arranged for the second Wednesday in September at the home of Mrs. C. W Fetter.

Mrs. Eva Hanna and Mrs Harvey Lust entertained with a handkerchief and stork shower for Mrs. J. R. Erwin at the Hanna home at 278 Leader street Wednesday evening.

The gifts were arranged on a table decorated with pink candles and blue streamers to which bootees were attached.

A luncheon was served by the hostesses. Bridge honors were won by Mrs. Hanna and Mrs. Virgina Van Meter. Present were Mrs. Wilbur Van Meter of Newark, Mrs. Malcolm Larkin, Mrs. Florence Van Horn, Mrs. Grace Eaton and Mrs. Violet Jamison.

Miss Nelle Loveland of 4 Hughes court was complimented with a 1 o'clock dinner Tuesday at the home of Mrs. S. L. Surface on South Prospect street. Miss Loveland recently recovered from an operation. Those present were Mrs. J. W. Hungate, Mrs. Marshall McKinstry, Mrs. George Bechtle, Mrs. A. H. Exton and Delores Yutzy of Milan.

Mr. and Mrs. Tommie Piazza gave a surprise birthday anniversary party Tuesday evening for William Briggs of 191 Plymouth street in their home at 212 Nye street. Two large cakes and a bouquet of garden flowers decorated the table from which Mrs. Piazza served a buffet lunch. The evening opened and closed with prayer services. Guests were Mr. and Mrs. Briggs, Rev. and Mrs. Robert Phillips, Mrs. Mary Burruoghs, Rev. and Mrs. Halbert Mrs. Lillie Bishop of Wellston, Miss Georgia Hughes of LaRue, Mrs. Evaline Strouse, Mr. and Mrs. Ray Donough, Mrs. Virginia Brown, Theron Donaugh, Dick Halbert, Kenneth Halbert, Bunny Piazza, Betty Louise Phillips, Jane Moore, Delores Moore, Eugene Moore, B. FUNERAL SERVICES HELD FOR RIDGEWAY CARPENTER

Last Rites Conducted for Man Who Leaped to Death.

Special to The Star

KENTON, O., Aug. 13—Funeral services for Francis H. Perry, 36, who leaped to his death from an 8th story window of the Kansas City, Mo., municipal building early Monday, were held in the family home at Ridgeway south of here this afternoon at three o'clock. Kansas City police told relatives he had been jailed on suspicion while awaiting investigation on charges of not having a draft registration card. While awaiting outcome of the investigation, police reported, he dove headfirst from his jail bunk to the concrete floor then feigned unconsciousness until carried from the cellblock to an upper floor corridor. Then he ran to a window and leaped out.

Surviving the man, a carpenter, are his mother, Mrs. Edna Perry of Ridgeway; three brothers and two sisters.

Blind Ohio Woman Aids Youth Who Robbed Her

By The Associated Press

TOLEDO, O. — Blind Mrs. Minnie Shelley, is forgiving.

Mrs. Shelley, a widow, hired a 19-year-old Toledoan to wash windows. Later the youth was arrested and admitted stealing $80 from her.

Mrs. Sheeley obtained his release on bond, and helped him find another job.

At her instigation yesterday, Common Pleas Judge James S. Martin placed the boy on three years' probation.

HONEY USED IN MASH

By The United Press

CUSHING, Okla. —Oklahoma's bootleggers have found a substitute for sugar since rationing went into effect. The substitute is honey. A Payne county officer thinks it is a good substitute too. Officials recently raided a still in an abandoned farm house and found many honey containers lying around. The mash smelled and "looked" even better than mash made with sugar, one deputy said. The brass and copper used in constructing the still was turned over to the federal government to make "mickey finns for the Axis."

The honey, never before known to be used in making whisky, is the only satisfactory substitute known evidently because the officers said they found no other evidence of other substitutes having been tried. The liquor, about 100 gallons, was as usual, destroyed.

Here's the Money, Pop, Buy Yourself Some Teeth

By The Associated Press

NEW YORK — "Buy yourself some teeth. Am in North Ireland."

Those words were typed across the face of a check for $99.75 mailed by a New York bank to the lockmaster of the government dam on the Ohio river at Leavenworth, Ind.

So the grizzled lockmaster, Thomas J. Reid, went out and bought himself a set of store teeth and in endorsing the check for his son, Lieut. Walter Reid, wrote on the back:

"Good old 'Steamboat.' May God bless you."

"Steamboat" was the army officer's nickname when he was playing tackle only a year ago for the University of Kentucky Wildcats. Eventually, he'll see a photostatic copy of the check's endorsement.

The story was made public by the Irving Trust Co. in disclosing how members of the AEF remember the old folks at home.

Marion Couple's Wedding in East Announced Here

MRS RUTH GWILYM of 344 South Grand avenue announces the marriage of her daughter, Arlayn, to Staff Sergeant David F. Miller, son of Mr. and Mrs. Paul Miller of 318 West Columbia street on Saturday, Aug. 1, in historic First Congregational church of Falmouth, Mass. Rev. Ralph Long read the single ring service.

The church in which the ceremony took place was established in 1796 and its bell was cast by Paul Revere.

Mrs. Gwilym, in a poudre blue jersey dress with navy and white accessories, attended her daughter and Staff Sergeant Norman Gierman of Irvington, N. J., served the bridegroom as best man.

The bride wore a street length dress of white silk jersey and a halo of white bows. Her only jewelry was a strand of blue pearls and she wore a corsage of gardenias.

The couple for the present will make their home in Falmouth.

Mrs. Miller was graduated from Harding High school in 1941. Sergeant Miller, a graduate of Harding in 1936, attended Ohio State university before his induction. He is stationed at headquarters of the Engineer Amphibian Command at Camp Edwards, Mass.

First Votes Cast in Marion Amateur Day Queen Contest

Program for City Park Improvement Benefit Event on Aug. 23 Taking Shape.

First reports in the Amateur Day queen election came today from the Scioto Ordnance Plant from George Baum, chairman. Crowning of Marion's first Amateur Day Queen will be a highlight of a gala program at Harding park, Sunday, Aug. 23.

The initial returns gave Miss Jane Bailey 720 votes, a margin of 70 votes over her nearest competitor, Mrs. Ruth Botkin who has 650. Miss Joan Stover is third with 575, Miss Lois Wildasin fourth with 262 and Miss Maroin Charleston fifth with 135. A total of 2,445 were cast on the ordnance plant grounds up to last night the first returns show.

Voting will continue through Aug. 21. A deadline for entering the contest will be set within the next couple of days, officials in charge said today.

Clubs To Help

The Junior Chamber of Commerce has accepted an invitation to direct the queen election as well as the sale of advance tickets. Other organizations, especially Marion's three service clubs, have agreed to help with the ticket sale and other departments of the program.

The Hunkin-Conkey Construction Co., general contractors for the construction of the Scioto Ordnance Plant, have contributed a large thermometer to record progress in the drive to raise $2,500 from proceeds of the queen contest and the advance sale of tickets. The thermometer, Mr. Baum said, would be placed on the court house esplanade late today.

Tickets for the Aug. 23 event may be obtained now at 25 cents each. On the day of the event they will be 50 cents.

In a meeting recently with County Treasurer Marion Hinklin, acting director of defense recreation in Marion, a program for the perpetuation of the program as an annual event was considered. Honorary membership in the Marion Amateur Day association can be obtained for $5, while one-year memberships in the association are $1. Several hundred membership cards have been printed and are now being distributed for sale by several Marion groups.

Labor Groups Assist

Virtually all Marion labor groups have expressed a desire to help in arrangements for the event and several have assured sponsors that they will subscribe to several honorary memberships, Hinklin said.

While the Amateur Day program is not complete, the tentative lineup calls for four softball games. Two of the state's best girls' teams may be brought here for one of the games, officials said. The Bucyrus Deal House team is to meet the Scioto Ordnance Plant All-Stars in one of the other games and four of the leading teams in the Y. M. C. A.-supervised softball leagues will play in the other games. Ball-throwing and base running contests will also be featured. Co. H, Marion unit of the Ohio state guard, will give a drill program. Also the Marion Rifles and the women's ambulance corps of the Marion civilian defense council will give drills.

Sponsors today emphasized that all money received from the program will be used to purchase equipment for Marion's park system.

Firemen Called To Relief Headquarters

Firemen from the Mark Street station and members of the hook and ladder company of the Central Fire station answered an alarm at 12:22 a. m. today to the old State street school building today when smoke filled the building. Firemen said rubbish which had been burned clogged the furnace and resulted in the building filling with smoke. No damage resulted. The building is now occupied by the Marion county relief office and the Marion civilian defense council.

FACES SPEEDING CHARGE

Jack M. Eddstein, 40, of Detroit was arrested by the state highway patrol Wednesday on Route 23, south of Marion, on a charge of speeding 68-72 miles an hour. He posted $15 bond for appearance in municipal court.

WAR AGENCIES SPEED STEEL WAGE ACTION

Muster Facilities To Solve Problems Affecting 300,000.

WASHINGTON, Aug. 13—Five strategic war agencies hastily mustered facilities today to speed solution of wage problems affecting more than 300,000 workers in the vital steel and copper mining industries.

Taking jurisdiction in a pay dispute between the United States Steel Corporation and the CIO United Steelworkers of America, the war labor board by-passed the usual mediation panel procedure, obtained a stipulation on the points at issue and determined to hear the case itself at a public hearing Tuesday.

Simultaneously, WLB and four other war agencies moved to overcome a manpower shortage in the copper mining industry and planned consideration of wage and union shop demands of copper, lead and zinc workers on an industry-wide basis.

The "Big Steel" dispute centered on the corporation's disapproval of a 5½ cents an hour increase ordered by the board in the "Little Steel" case a month ago, and also of making any increase retroactive to a date earlier than Aug. 9 when the wage agreement with the union expired.

The board's decision in Little Steel created a formula limiting increases between January 1941 and May 1942 to 15 per cent. Workers thus were allowed 3.2 cents an hour more, plus 2.3 cents an hour on the premise they had a further equity because their case had been pending since February.

WLB sources who declined to be quoted by name, said "Big Steel" disputed the union's claim to the extra 2.3 cents in this case and contended the raise could not be retroactive because there was no dispute until a week ago.

SOLOMONS

(Continued from Page 1)

Rostov, the high command said today.

(The reported advance apparently was made from the Salsk-Proletarskaya area, 130 miles west of Elista, carrying the German advance guard more than half way across the virtually barren northeast Caucasian steppe toward the shores of the Caspian sea. Elista is 175 miles southwest of Astrakhan, which is at the mouth of the Volga.)

The high command said fighting was increasing in intensity in the Voronezh battlezone and in the Rzhev area, with the Russians on the attack at both places.

Strong formations of the German air force were said to have delivered hard blows to Russian shipping in the strait of Kerch and along the north Caucasian coast. Three ships were said to have been sunk and several lighters and three transports set afire.

"In an attempted attack by Soviet battleplanes on a German airdrome," the war bulletin said, "28 enemy planes were shot down in aerial combat, thus practically annihilating the attacking force."

The high command said that altogether 161 Russian planes were shot down Aug. 11 and 12.

Luncheon Clubs Hold Joint Dinner Meeting at Country Club; Ohio C. of C. Representative Speaks.

Marion Kiwanians were hosts to Rotarians last night at the annual Kiwanis-Rotary golf tournament and dinner at the Country Club.

At the dinner Harold Grigsby, Kiwanis president, presided and Wilson B. Tway, president of the Rotary club, introduced the Rotarians and their guests. Harry Dowler, past president of the Kiwanis club, was introduced as the lieutenant governor-elect of the local Kiwanis district.

George O'Brien, representative of the Ohio Chamber of Commerce from Columbus, spoke on the necessity of reducing expenditures for non-essentials during war time. Mr. O'Brien urged citizens to take a greater interest in municipal and civic affairs. "Some municipalities are penny wise and pound foolish where taxation rates are concerned," Mr. O'Brien stated. He said more citizens should attend public hearings on budgets.

Long Session

After dinner songs were led by L. G. Jones with William Dowler at the piano. The program committee was headed by John P. Smith and City Schools Supt. E. E. Holt and Walter Grumblatt had charge of the dinner. Approximately 90 persons attended.

In the golf tournament which preceded the dinner, the Rotarians went down 31-20 to the Kiwanians. Jack Weiss and Judge H. S. Young, both of the winning team, each fired 84 to share low score honors. J. C. Woods and T. W. Jenkins, both Kiwanians, shared runner-up honors with 86's.

Dr. W. J. Wagner, who had an 87 for 18 holes, had the most par holes—nine. C. H. Sherer got a 235-yard drive off No. 8 hole to win a driving contest. Jack Weiss needed only 33 puts in making the 18-hole round to win a putting contest.

Golf Results

Individual scores follow. In each case the first name of each towsome is a Rotarian, the second a Kiwanian. In parenthesis following the name of each contestant is a figure which denotes the number of points won by each. One point is awarded for low score for each nine holes and one more for the low 18-hole total, making a total of a possible three: C. O. Browne (0) 90, Jack Weis (3) 84; F. M. Sage (0) 96, J. C. Woods (3) 86; William Higham (1½) 102, R. D. Luke (2½) 96; George Albee (1½) 94, Phil Guthrie (1½) 94; Tom Carlisi (3) 94, Sheldon Dodds (0) 100; Charles Scherer (2½) 90, H. J. Grigsby (½) 96, F. G. Browne (2½) 90, W. J. Grumblatt (½) 95; Bob White (1½) 93, Carl Danner (1½) 96; Dr. O. M. Young (0) 105, T. W. Jenkins (3) 86; Dr. D. W. Brickley (1) 95, Fred Morris (2) 97, E. J. Pierce (1) 98, Dr. W. J. Wagner (2) 87; R. T. Lewis (½) 91, Judge H. S. Young (2½) 84; Charles Hayes (½) 108, C. H. Kerrey (2½) 103, George Planck (1) 96, Bill Preston (2) 85; Ed LaBeau (0) 100, John Dowler (3) 91; F. M. Foster (1½) 93, H. A. Krigbaum (1½) 94; and E. K. Smith (3) 97, L. G. Jones (0) 108.

DE MOLAY OUTLINES CONVENTION PLANS

Further Details of State Meeting Here Discussed.

Final plans for the state conclave to be held here Saturday and Sunday were made at a meeting of Marion Chapter No. 288, Order of DeMolay, last night. A potluck supper preceded the meeting. Activities of the chapter and the week-end conclave will be presented over WMRN tonight and Friday night and Saturday morning. Tonight at 7:45 Harold Fralich, Robert Solinger, district deputy and Riley Hall, conclave chairman, will present a 15-minute program. Friday night at 8:15 Harold Fralich and Riley Hall will talk and at 11:15 a. m. Saturday "Dad" Jess W. Darling, of Cincinnati, active member of the grand council of the state of Ohio, will speak. A half-hour program of the banquet activities will be presented over WMRN at 7 p. m. Sunday.

EVANGELIST SPEAKS ON SATAN-BLINDED MINDS

Rev. Russell Ward Heard At Bible Conference.

"Unsound Minds" was the subject of Rev. Russell Ward's discussion at the Evangelistic Bible conference service Wednesday night at Chautauqua pavilion, Garfield park. His text was taken from the fourth chapter of Second Corinthians.

"The mind is blinded by Satan and cannot be trusted concerning spiritual things. Faith in Christ alone will answer the need," he declared.

A special feature of the service was an original arrangement for the piano of "Onward, Christian Soldiers," played by the pianist, Charles Bergerson of the America Back to God group of Detroit, with effects of distant martial band music.

Services will continue through Sunday nightly at 8.

SIX MARION TRAFFIC ACCIDENTS LISTED

Woman Arrested Following One of Series of Mishaps.

Mrs. Harold Lill, 31, of near Marion was arrested by city police on a charge of failing to observe a stop sign Wednesday at 1:50 p. m. at the intersection of Columbia and Pearl streets following one of six accidents reported to police.

Mrs. Lill was driver of an auto which figured in a collision with another driven by Mable Guthrie, 18, of 362 Cherry street. Police said Mrs. Lill was driving on Pearl street and failed to observe a stop sign at the West Columbia street crossing. Only minor damage resulted to both cars.

Clyde Gallogby, 20, of 138 Park boulevard and H. H. Temple of 633 East George street were drivers of autos which collided at North State and Mill streets early Wednesday afternoon. Minor damage resulted to both cars, police reported.

Mrs. Lowell Secord was owner of a car parked in front of her home at 540 Girard avenue which was struck by a truck driven by Don Levine of 217 Superior street Wednesday at 2 p. m.

Clyde Hughes, 19, of 576 Uncapher avenue told police Tuesday that he was driver of a car which struck a pedestrian somewhere on the West Side yesterday. Police said Hughes was unable to give the name or description of the pedestrian.

A car driven by Alpheus Clark, 71, of 660 East Center street and another driven by James A. Smith, 43, of near Marion figured in a minor accident at West Center street and Park boulevard Wednesday at 4:06 p. m.

Clyde E. Bechel, 19, of near Prospect was driver of a car which collided with one owned by Norman Berry, 28, of 206 Windsor street.

MARION AREA MEN IN ARMY AIR COURSE

James C. Wygle Among Those at Keesler Field.

James C. Wygle of 752 East Church street is one of 271 men from Ohio enrolled this week in the army air forces Technical Training Command school at Keesler Field, Biloxi, Miss. Others from this area are James L. Miller of Ashland, Cecil E. Wise of near Attica, Charles W. Shields of Dunkirk, Niel W. Amsbaugh of Fredericktown and Joseph D. Breec eof near Mt. Vernon according to public relations office there.

The 10-week course will train the men as airplane mechanics for active "line-duty." It includes 10-day courses in aircraft maintenance fundamentals, airplane structures, hydraulic systems, propellers, instruments, engines, electric systems, fuel systems, engine operation and inspection of single and multi-motored planes.

WILDERNESS GIRL

By LETA ZOE ADAMS

"Tyra Fleming just came from the Forbidden Land."

YESTERDAY — Sandy Morse has gone to Onha in the hope of finding the secret key to the history of the Maya people, reportedly buried under the altar of a ruined temple deep in the jungle, guarded by a fierce tribe which devotes its life to the work. And McIntyre, who has lived years in the tropical heat of Onha, has been trying to persuade Sandy to forget his mission by telling stories of the Forbidden Land in which the ruined temple lies—with no success.

• • •

CHAPTER TWO

Mrs. Brotherton

"HOW many are in your party, Morse?" McIntyre asked.

"Three, counting myself."

McIntyre nodded over his glass. "The fewer the better. Three men is a balanced outfit. You're all stopping at the hotel?"

"Yes, only we are two men and a woman—not three men."

"A woman! Your wife?"

"A Mrs. Brotherton," Sandy said briefly. He did not intend to explain further even if he were asked.

But McIntyre did not ask about the status of the woman in the party. Instead he was regarding Sandy speculatively from under his shaggy brows. "I'd like to help you, Morse, even though I think you're a cocksure young fool to attempt to penetrate the Forbidden Land. I don't know any Indians who would do you much good, but as it happens you are playing in rare luck coming here at this time. Miss Fleming just arrived from the Forbidden Land a couple of days ago."

The Flemings

It was Sandy's turn to be surprised at the mention of a woman in connection with the unexplored land to the south of Onha.

"Who in the devil is she, anyhow?" he asked.

"Daughter of Professor Fleming, a botanist—at least he told me he was a botanist when they outfitted their expedition here several months ago."

Sandy passed over McIntyre's innuendo about the profession of the Flemings. "You mean they've been in the Forbidden Land all this time? Are they the two you mentioned a moment ago who had successfully penetrated that area and come out alive?"

"They are the ones."

"If they can do it, surely I can!"

"I'll admit that their success makes my warnings look ridiculous," McIntyre said. 'However, there are considerations."

"True enough," Sandy said, unable to stifle his elation. "Still it is good news to know that other white people have not found the Forbidden Land a death trap in spite of its bad reputation. These Flemings are certainly the ones I want to see. Or did you say only the daughter is here in Onha? Where can I find her?"

"She has Tehuana friends here, I believe, and is probably staying with one of them. You couldn't see her now, and there is a fiesta tonight—the Indians have one about every other day. But I'll make inquiries and see if a meeting between you can be arranged, somehow." He added dryly, "Tyra Fleming is not the type of woman you would expect to meet in the bush."

Back To Sleep

"It doesn't make an difference what type she is," Sandy said. "I'm only interested in what she can tell me, or better yet, how she might be able to help my expedition."

Subtlety was not in Sandy's nature. He usually said what he meant and credited others with doing the same. Furthermore, a straight line was the shortest route between two objectives, to him. He seldom wasted time circumventing obstacles but merely climbed over them and went on.

McIntyre's eyes twinkled in their deep-set sockets. "Anyhow, I hope Miss Fleming won't disappoint you."

"You mean she might not be willing to help a fellow scientist—another white person? Impossible."

McIntyre drained his glass and set it on the floor carefully. "I'm not making any predictions. I'll see that you meet her—the rest is up to you, young fellow."

Sandy stared at him for a moment, then as he saw McIntyre's eyes close, he jumped to his feet, his fiesta. His words trailed off and he sank back into the protesting hammock.

"You want to take your siesta, so I'll breeze along. And thanks, sir, for—everything."

Sandy slipped out, quietly this time. Not even the parrot nearby screeched at him.

"Don't mention it . . . glad to be of service."

McIntyre was indeed ready for

H. O. BYERS DIES SUDDENLY AT HOME

Brief Illness Fatal to Franconia Ave. Resident.

Harry O. Byers, 71, died at 5 p. m. yesterday, 10 minutes after suffering a heart attack at his home at 151 Franconia avenue.

He was born June 29, 1871 in Marion to William Graham Byers, a native of Fredericktown, and Lucy Joan Sosey, whose birthplace was Marion. Mr. Byers and his wife, who was Miss Mary Catherine Hanmer before their marriage, celebrated their golden wedding anniversary on Aug. 3 this year. He had lived in Marion practically his entire life and was a member of Trinity Baptist church. He was a machinist and painter and for a number of years was employed with the Huber Manufacturing Co.

Surviving with the widow are three daughters, Mrs. Boyd Brown of 260 Midlam avenue, Mrs. Grover Betz of R. 4, Prospect, and Miss Mary Catherine Byers at home, and two sons, William H. Byers of the U. S. Navy and Harold Byers of 920 East Mark street. A grandchild, Toni Byers, aged 9, who lives at the Byers home, 25 grandchildren, eight great-grandchildren and two brothers, Charles H. Byers of Marywood, Calif., and Herbert Byers of Indianapolis, Ind., also survive.

Funeral services will be held at 2 p. m. Saturday at the Hughes mortuary at 318 Mt. Vernon avenue with Rev. J. B. Holloway, pastor of Trinity Baptist church officiating. Burial will be in the Marion cemetery. Friends may call at the funeral home after 7:30 o'clock tonight.

Writer Comments on German Drive in the Caucasus

By DEWITT MacKENZIE
Wide World War Analyst

The Germans continue their advance in the Caucasus, spreading both ways among the foothills of the northern mountain range which forms a barrier across the great Caucasus isthmus separating the Black and the Caspian seas.

On the coast at either end of this mighty barricade are comparatively narrow routes which lead down into the Middle East and some of the world's richest oil fields. The Nazi Georgian Khan-je headed for those coastal routes and perhaps decisive victory—if he can travel them.

The picture isn't a cheerful one from our standpoint. Still we must remember that nothing decisive has happened yet despite Hitler's spectacular victories.

If the Nazi leader had utterly smashed the Russian army — as he has been trying to do—the story would be different. But so long as the Red fighting machine continues to function as a unit, the Russians aren't beaten.

Some military observers believe the Nazis have the strength to battle their way down both coastal routs to Batum and Baku. That would be a disaster for the Allies.

The Turks think perhaps Hitler will halt his drive and consolidate, if and when he has completed his conquest of the northern Caucasus. The idea is that he would rest there through the winter and strike southward again in the spring.

I hope he does that, because he will have achieved what likely will be an empty victory. By then Uncle Sam and John Bull should be ready to do business on a fairly big scale, and the fuehrer will have trouble on his western front.

MIDDLE WEST TESTS INLAND BLACKOUT

By The Associated Press

CHICAGO, Aug. 13 — A vast stretch of the middle west disappeared for half an hour last night in the greatest inland blackout of the war.

It was a carefully executed test to see to what extent darkness would protect the sprawling industrial areas of Illinois, Michigan, Indiana and Wisconsin—and as a test military and civilian defense officials pronounced it generally successful.

Lights were first turned off in 41 southern Michigan counties from 9 to 9:30 p. m., central war time. In the rest of the area the alarms screamed at 10 p. m., with all clear signals sounded half an hour later.

Thus darkness settled around 12,000,000 persons living in the heart of the United States. In all the area of 50,000 square miles, only war plants were allowed to remain illuminated. Regulations permitted essential navigation lights for water and air craft to shine, however, and railroads to operate.

EDSON C. FREEMAN OF OLNEY AVE. DIES

Steam Shovel Co. Employe's Funeral Set for Saturday.

Edson C. Freeman 56, of 349 Olney avenue died at 11:30 a. m. Wednesday at University hospital, Columbus. He had been ill since May and was taken to the hospital a week ago.

Mr. Freeman was born June 8, 1886 in Pleasant township to George and Margaret E. Schamberger Freeman and was married to Sadie I. Amendinger Dec. 27, 1907 in Marion.

He is survived by his wife, two sisters, Mrs. Emery Butz of Richwood and Mrs. Benjamin Miley of north of Marion, and two brothers, Roy W. of 649 North Prospect street and H. H. Freeman of LaRue.

Mr. Freeman was a member of the United Brethren church and Local No. 1919 of the CIO. He had been a blacksmith at the Marion Steam Shovel Co. 30 years.

The funeral will be conducted Saturday at 2 p. m. at the Schaffner-Denzer Co. funeral home on East Center street by Rev. Garrison Rockuck of the First United Brethren church. Friends may call at the home on Olney avenue after 7:30 p. m. today until 10:30 Saturday morning when the body will be removed to the funeral home. Burial will be in Marion cemetery.

RUSSIA

(Continued from Page 1)

sians penetrated 12 miles into the rear of German positions in the Don elbow, killing 4,200 of the foe, it was said.

From another sector of Russia's great front, Pravda, the Communist party organ, reported a 120-plane raid on Leningrad, in which it said 30 of the attackers were downed. The Germans also used parachutists in that lunge at the northern city but they were speedily mopped up, Pravda said.

Although the Leningrad development was recent, no date was given.

Dispatches from the front said that one Nazi spearhead already was less than 200 miles from Grozny after breaking through the Russian lines at Cherkessk, a small town in the Caucasus footholds 70 miles southeast of Armavir.

The Russians were reported to have counterattacked desperately in an attempt to seal the breach in their lines, but were forced to fall back to new positions.

(The German radio indicated that the Nazi forces might be less than 170 miles from Grozny, reporting that advance elements had reached the "region of the Terek river," which flows into the Caspian northwest of Grozny, in their thrust through Cherkessk.)

Sixty miles northwest of Cherkessk, the information bureau's midday bulletin said, Russian forces were fighting in the Maikop oil fields with enemy tanks and infantry thrusting toward Tuapse.

Farther north in the Krasnodar region, Red Star said, Russian troops were offering suffering resistance against a German drive toward Novorossisk.

Reds Outnumbered

The Russians said their forces here were greatly outnumbered but declared the Red air force was offering strong support and that repeated German attempts to cross a vital waterway (presumably the Kuban river) had failed.

Soviet communiques declared that more than 2,400 Germans had been killed and 22 tanks destroyed in heavy fighting for bridgeheads in this sector during the past 36 hours.

German attempts to approach Stalingrad for the Kotelnikovski sector 95 miles southwest of the city also were reported repulsed by fierce Soviet counterattacks.

On the upper end of the flaming Don front near Voronezh, the Russians said their forces were pressing the Germans steadily back. Red Star said that Soviet troops had again crossed the Don north of the city and made contact with other Russian units moving down the western bank from the north.

A sharp renewal of fighting was reported northwest of Moscow, where Russian troops were said to have occupied several villages, and wiped out more than 500 Germans in two days of fighting.

NAZI LETTER IS DISCLOSED

Dies Committee Gets Knowledge of Information Sent from Germany.

By The Associated Press

WASHINGTON, Aug. 13—The Dies committee, it was learned authoritatively today, will give President Roosevelt this week a copy of a confidential letter sent from Germany to trusted Nazi sympathizers in the United States advising them that Walter Kappe had been appointed to head a fifth column front in this country.

The FBI is seeking Kappe in connection with its investigation of a Nazi sabotage ring and has charged he was associated with six saboteurs executed here last Saturday after a military commission trial.

Signed by Kappe, whom the FBI described as head of "a contemplated German sabotage organization," the letter, bearing the salutation "Heil Hitler," said:

"I have accepted the leadership of the Comradeship USA . . on the grounds that a central office of the Comradeship USA must also exist in time of war . . I depend upon the cooperation of everyone."

In view of the fact Kappe has had more than a year and a half to operate in this country, since the letter was written, the committee was reported to have taken the position that all persons identified with Nazi movements in America should be under constant surveillance.

Along with the letter, it was learned, the committee will send to the White House a list of names of approximately 17,000 persons whose past activities indicated Nazi sympathies.

Close to 3,000 of the names are of persons the committee claims contributed to the "Kyffhauserbund," and several thousand others were identified as being associated with the "American-German Volksbund," which Kappe's letter described as "by far the most active and most indoctrinated combat group in American-Germanism."

How the letter came into the committee's possession was not disclosed. It was written in German, dated at Stuttgart, Germany, January, 1941, and bore an admonition that those who received it were to keep it confidential. It was numbered one of what presumably was a series of instructions sent out by Kappe from the House of Germanism, Stuttgart.

Burned "Fire Eater" Leaves City Hospital

Sidney Brown, carnival "fire-eater," was released from Marion City hospital yesterday. Brown had been there since the night of July 27 when he received first degree burns during an act in the Keystone carnival here. Spilled gasoline ignited, setting fire to his clothing, face, hair, arms and chest were burned. It is not known whether he planned to go back to the carnival. He gave his home as Rochester, N. Y.

KIRKPATRICK SCHOOL 5-MILL LEVY PASSES

Extra Revenue Needed To Offset Loss of War Plant Land.

A five-mill levy sought to keep the Kirkpatrick school open apparently can go ahead with little opposition today according to figures at the Marion county board of elections office.

The vote Tuesday was 75-15 in favor of the levy.

Final report cannot be made until returns are received from part of a precinct in southern Crawford county which is included in the school district. However, C. G. Ritzler, deputy clerk of the Marion county board of elections, said there probably would not be more than 10 votes from the Crawford county section.

The levy required only a majority to pass.

With passage of the levy the school district will be paying eight mills outside the 10-mill limit to keep the school operating. The taxpayers already are assessed three mills for school operating expenses.

Move to place the additional levy on the August primary ballot was taken in the spring when it became evident that through acquisition of land for the Scioto Ordnance Plant area, considerable land would be taken off the tax duplicate and that without another levy it would be impossible to operate the school.

CLINICS

(Continued from Page 1)

department and by the anti-Tuberculosis league.

Origin of Cases

Persons who go to the clinic are there either through reference of private physicians or through skin testing in the schools, at the health office or by private doctors.

If the person has no money, the clinic is free. If the person can pay the charge is $3. Some persons who cannot pay the $3 sometimes give a dollar or an amount which they feel they can afford, Mrs. Miley said.

At the clinic a chest chart is made out, a record is made of temperature, pulse and weight and a fluoroscope examination is made. If the case is regarded by Dr. Bachmann to be serious, an X-ray examination is made. Dr. Bachmann makes his recommendation on the chart and a letter covering the information on the chart is sent to the private physician.

When "positive' cases are discovered an attempt is made to get all household contacts into the county health office for a skin test.

Eating Places Supervised

Dr. Sifritt pointed out that it is a county health law that persons serving the public in eating places in the county must have a clean bill of health, including a certificate to show they are free of tuberculosis, syphilis or gonorrhea.

Dr. Bachmann, commending the county health commissioner on this health legislation, said that not long ago in Delaware examinations revealed that one head chef and two bartenders were tubercular. The clinician also mentioned favorably the action of a Morrow county school board prohibiting any child who has a "positive" response to a tuberculosis examination from attending school until the disease has been successfully treated.

The mother with two boys, one her grandson, was from a Marion county family fully aware of the value of the Anti-Tuberculosis league, the county health department and sanitarium treatment. One of the boys was released from Jane Case two years ago. A death in the family from tuberculosis led to testing which revealed him to be a "positive" case. Yesterday a fluoroscopic examination showed scars, but Dr. Bachmann said it was an arrested case that would remain so under proper care. The woman is not an active case and examination showed that one of the boys is free of the disease.

"If we can get people to understand that these clinics are not to treat extreme cases but to find the disease in its early stage and begin corrective treatment that will assure a long and healthy life, then our clinics will be a success," Dr. Bachmann said. "If we could operate such clinics for 10 or 12 years, eventually the only cases we would find would be in the earliest stages or those with scars which show the disease has been arrested. Then we could begin to say that the fight against tuberculosis was on the way to complete victory."

The clinics will be continued as long as the league has money to finance them, Mrs. Miley said. The only means the league has of supporting the clinic is through the sale of Christmas seals.

TAXES

(Continued from Page 1)

can no longer afford to hide our heads in the sand. We must take drastic action."

Enactment of a war-time revenue bill of sufficient scope and permanency to give taxpayers a two-year "breathing spell" was advocated meanwhile by Senator Byrd (D-Va.).

With the committee nearing the end of public hearings on a measure which would add $6,271,000,000 to present federal revenues, Byrd told reporters he hoped the committee would take sufficient time to revise all objectionable aspects of the bill.

The committee called a group of witnesses before it today on mutual insurance provisions of the bill and a night session may be held if necessary to complete the hearings.

INDIAN VIOLENCE IN BOMBAY WANES

Riots and Clashes with Police Keep Danger Alive.

By The Associated Press

BOMBAY, Aug. 13 — Rioting and clashes with police kept alive the spark of danger today in several Indian cities but in Bombay, where much of the violence had centered, outbreaks over Mohandas K. Gandhi's do-or-die Indian independence river grew fewer and smaller.

Armed police and troops, nevertheless, were on guard here and elsewhere against new flare-ups.

Nagpur apparently was the scene of the worst rioting yesterday. Three police stations and the post office were burned there and attempts made to set the central cooperative bank and the powerhouse afire. One rioter was killed and 12 were injured when police fired into the crowds. Nineteen police were hurt by stone-throwers.

At Wardha, where one Indian was killed and one injured by police fire, processions and meetings were forbidden.

Four more Indians were killed and 13 were injured at Poona, where Gandhi and some of his lieutenants are under arrest, when troops fired on a crowd tampering with telegraph wires.

Police opened fire three times at Old Delhi to disperse riotous crowds. One man was killed and two were injured. New Delhi, where the worst outbreak the day before occurred, was quiet.

RAF AGAIN STRIKES AT NAZI INDUSTRY

By The Associated Press

LONDON, Aug. 13 — Powerful British air squadrons rained high explosives and incendiaries on Mainz again during the night as Nazi raiders ended London's long freedom from attack by bombing the outskirts of the capital.

The attack on Mainz—the second successive night assault on that German industrial center—was accompanied by raids on Nazi airdromes in the low countries, the air ministry said.

Five RAF planes were lost in the overnight operations.

Although the air ministry did not go into particulars, it was understood unofficially that the 'strong force" raiding Mainz compared with that sent against the same city the night before when 250 to 400 bombers participated.

The pre-dawn raid on the greater London area was the first since nuisance raiders unloaded a few bombs before daylight on July 30 and some buildings were wrecked.

By mid-morning authorities said all persons trapped in the debris had been removed. Casualties were reported as seven killed and at least three injured.

The United States uses 40 per cent of the world supply of cork, averaging from 250,000 to 300,000 metric tons a year.

...e representative is Mrs. Sybil ... of New York City, who ...main here several days be... going into Michigan. She ... here from making surveys in the south, particularly in areas where army camps are situated.

Mrs. Bello said she had no idea why Marion was selected for the survey, unless it might be because of its increasing importance as a defense area. Her work here will deal entirely with the public health nursing program and she expects to cover the entire field.

The report which she files will be made a part of a general survey which the NOPHN will release when all surveys are completed. The report will be general and will not name communities.

However, Marion city and county public health officials will be sent a copy of her report on the local situation.

Permission has been granted to a United States firm by the government of Guatemala for an exclusive fishing industry on the west coast of the republic.

SALES TAX FIGURES FOR MARION AREA LISTED

Both County and State Show Drop from Last Year.

Marion county's sale of prepaid tax receipts for the week ending Aug. 1 totaled $7,065.79, a drop of a fraction over 1 per cent from last year's figure, $7,248.85 for the same period. Collections to date this year were $20,870.33 as against collections to date last year of $214,759.97.

Collections from the sale of the tax receipts dropped during the week ending Aug. 1 as compared with the same week a year ago generally throughout the state, with last year's figure standing at 1,303,296.46 and this year's at $962,877.27, a release from the office of Don H. Ebright, treasurer of state, revealed.

Figures for the week ending Aug 1 this year and for collections to date with figures for the similar week and collections to date last year in parenthesis for counties around Marion follow:

Crawford, week ending Aug. 1, $4,487.94 ($5,367.16); collections to date, $124,203.92 ($153,154.54).

Delaware, week ending Aug. 1, $1,857.27 ($2,720.36); collections to date, $58,755.06 ($75,201.20).

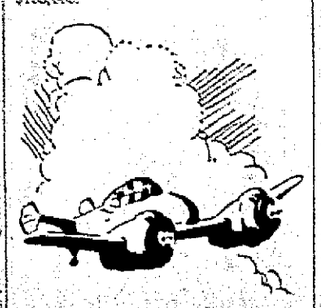
Wyandot, week ending Aug. 1, $1,926.65 ($2,087.19); collections, $49,401.07 ($57,005.96).

What You Buy With WAR BONDS

U. S. Navy fighting planes are fast, powerful and deadly in dog fights with enemy planes. Based on carriers, they have given splendid accounts of themselves in their engagements with the Japs in the Pacific and Far Eastern waters. A Navy fighting plane costs about $165,000.



Production lines in many American plants are rolling these planes off the assembly lines night and day. We must have them to whip the Axis powers. You can help get them for our brave American flyers by investing at least *ten percent of your income* in War Bonds every payday. If you have not already done so, join up with your payroll savings plan at your factory or store. Or buy Bonds regularly at your bank, postoffice or other issuing agent.

own strict control. They would rule by dividing India: then there would no longer be any such thing as the unity of India nor any such thing as the independence of its separate parts. They would use Congress Hindus as their puppets in one province. Moslem puppets in another, perhaps Indian princes elsewhere.

No doubt Gandhi and his political subordinates realize this. But in so far as the Congress Hindus think that Japan would use them as puppets to rule most of India, a quick surrender to a victorious Japan would seem to be the quickest and cheapest way for them to obtain power. There were Frenchmen, some of them highly venerated by the French nation, who made a very similar calculation in 1940. Gandhi could probably obtain from the Japanese something very much like a Vichy government—just so out as free and covering just about as much of India.

My own view is that Americans cannot resolve the Indian crisis by exhortations addressed to the British or to the Indians. The Indian problem—how to combine unity with independence—is insoluble in the next few critical weeks. What Europe has not achieved in seven centuries will not be achieved in India by the end of this summer.

The problem which may be soluble this summer is the defense of India. The answer to that may be given in part by measures taken inside of India. But even more decisively the fate of India may be determined by what is happening in the Solomon Islands and the Aleutians, and what may come of all that.

Pups Born on Runway at Army Air Base

By The Associated Press

ALBUQUERQUE, N. M.—Seeing a dog on the field, the Albuquerque army air base control tower operator held several bombers aloft.

Military police dashed to clear the runway.

The MP's arrived, in motorcycle and sidecar, just as three pups were born. The mother, ancestry uncertain, was as wild as a coyote and fled into the nearby sandhills.

To an Albuquerque home went the pups.

Down came the bombers.

COSTLY ACCOMODATION

SACRAMENTO, Calif. — Mrs. Gladys Lusink of Santa Barbara looked at her telephone bill. She couldn't believe her eyes. After rubbing them again and taking another squint—$56 in bold figures. She noticed a toll charge for $50, and recalled she had let a "stranger" use her telephone one day. He had called Detroit, Mich.

Our Ally, Mexico

Barrier of Language

This is one of a series of articles on Mexico and its place in world affairs today.

By SAM JACKSON
Wide World Features Writer

MEXICO CITY, Aug. 13—If a final box score is ever assembled on Mexican-American relations, a good many errors are going to be charged to the gentry in the United States who teach Spanish and publish Spanish textbooks.

Too much of this instruction equips you to go back a few centuries and talk with Don Quixote, and too little of it to enter the life of this bustling, modern metropolis of 1,600,000.

One conspicuous point is the teaching of the Castilian lisp for what, in English, we call the "soft C." To put it simply, take the word Cid, which is the title of a Spanish literary masterpiece. The schoolmasters and publishers insist this is pronounced "Theed." In Mexico it's pronounced "Seed," and until old-time Spain becomes a better friend to us than Mexico perhaps we'd better get on Mexico's side of the fence.

It's In Dictionary

I have a pocket dictionary just brought out in 1941 by a reputable firm in which this Castilian lisp is insisted on for hundreds of words which I used daily with people of high and low degree, and to which I know by personal experience it does not apply.

This little dictionary is a sample of the impractical approach to the Mexican language in the United States. Its first word is "aback" and its last is "zymology," which are a bit difficult to work into conversation. Yet it was silent regarding the subject of getting a haircut, and I had to put over this idea with gestures.

I also had a phrase book, printed in America, which had won medals at three world's fairs, but which was couched almost entirely in terms of English or continental travel.

For example, Mexico has adopted our term "round trip," and the "viaje redondo" — a literal translation—is conspicuously advertised. Yet the phrase book insisted that one needed "una boleta de ida y vuelta"—a ticket of had gone and had returned.

Once you learn the difficult irregular verbs, there is nothing baffling about Spanish as the Mexicans speak it. "Banco de Mexico" means "Bank of Mexico" and "cigarro" means "cigar."

Nazis Diligent

It seems the German businessmen have been much more conscientious than our own about acquiring a knowledge of Spanish.

Northbound, I traveled with an amiable Chicagoan who had just built an apartment house in Guadalajara, who owned two fishing boats working out of Mazatlan and had various other lucrative interests. This man had never even had a try at Spanish. He worked his business through English-speaking attorneys and his personal travels through hotel porters.

The troubles one can encounter with schoolbook Spanish were illustrated by a traveling acquaintance who wanted to go Mexican the whole way, and put up at a hotel here where no English was spoken. He was trying to get a suit back from the cleaners, and kept repeating his request as the hotel clerk solemnly shook his head.

At length the clerk found a guest who could speak English and they all got together on the subject. The guest had been demanding, "Is there a piano in the laundry?"

Pleasant Tp. F.F.A. Boys Return from Outing

A group of F. F. A. boys of the Pleasant school, accompanied by Milford E. Schmidt, vocational agricultural instructor in the school, and Mrs. Schmidt, have returned from their annual outing on Lake Erie. The group lived in tents and cooked their own meals. Entertainment included hard and soft ball games, swimming and other resort sports. Trips were made to Port Clinton and the Sandusky boat docks. The outing is designed to promote leadership, fellowship and individual responsibility among the boys.

Guests Sunday included Gordon Eichhorn, Jean DeLong, Marjorie Cook, Willis Stewart, Mr. and Mrs. LeRoy Zachman and daughters Alicia and Martha Ann, Raymond Rider and Glenn Dunn.

The party included Donald Almendinger, Robert Arndt, Charles Mautz, Donald Martin, Edward Neldhart, Charles Pickering, Donald Seiter, Raymond Somerlot, Warren Seiter, John Young, Harold Lust, Robert Buckley, Dean Cusick, Richard Groll, Ray Lichtenberger, LeDan Zachman, Giles Hoch, Ralph Lichtenberger, Paul Millisor, James O'Brien, Norman Seiter, James Cusick, Gerald Rasey and George Young.

COURT NEWS

Judgment Sought

The Preferred Mutual Fire Insurance Co has filed a petition in common pleas court against Frank J. Jackson, executor of the estate of the late D. D Landis, seeking a judgment of $135.27. The insurance company alleges that negligence on the part of the late Mr. Landis was responsible for an accident on April 17, 1941 in which the company paid that sum to one of its policy holders. Walter D. Moore is attorney for the insurance company.

Ask To Sell Church

Trustees of the Prospect Street Methodist church have filed a petition in common pleas court to sell the Zion Methodist church property in Richland township. The church has not been used for some time and the petition states that the Ohio Annual Methodist Conference at a meeting June 4, 1942 in Springfield, authorized the sale of the property and use of the money to repair the Prospect Street church and parsonage. The trustees, William Risen, John Dietsch, Harry Wilhelm, John Reidenbaugh, John Schott, William Wanner, and Joan Schweinfurth, are represented by Joan H. Clark.

LUXURIOUS DOG

By International News Service

ATLANTA, Tex. — Dr. E. W. Frankenstein of Atlanta wants to offer his full-blooded Belgian police dog to Dogs for Defense, Inc. There's no need to worry about supplying the dog with hard-to-get canned dog food, either. Dr. Frankenstein says this pooch isn't particular about his diet—"He eats anything from sirloin steaks to black-eyed peas and for desert he craves cantaloupe, blackberries and ice cream."

PRAISES HIGH FOR GUNNERS

Men in Training at Chicago as Armed Guard Gun Crews.

By The Associated Press

CHICAGO, Aug. 13—Shotguns . . . y guns, they're all just . . . ons to the Ohio lads . . . training here as armed . . . gun crews for merchant . . .

. . . teen Buckeye trainees were . . . up when won high praise . . . r instructors recently by . . . erating expert marksman-ship the first time they operated heavy weapons in target practice from navy gunboats on Lake Michigan.

The Ohio men were members of gun crews which are completing training at the naval armory here. Within a few weeks most of them expect to be standing watches on the high seas, prepared to defend freighters and tankers against Axis submarines or aircraft.

List Crew Members

They were: Ensign A. C. Hellman, Cleveland Heights, and Seamen Michael Brozowski of Hamilton; Willard Janes, 31, New Madison, Robert Kelley, 20, Norwood, Grover F. Jones, 21, McDermott; Peter J. Kraynik, 20 Youngstown; Bobbie Lairmore, 18, Dayton; Robert Leady, 18, Bowling Green; John Mocarsky, 19, Cleveland; Ralph Muller, 17, Portsmouth; Gerald Oldham, 20, Sardinia; Clarence Reyer, 21, Wooster; Harrison R Turner, 17 West Toledo, and John Soltz, 19, Sandusky.

The young gunners received their firing baptisms on the first day of a cruise designed to put the finishing touches to their training. Previously they had spent several weeks studying the theory of naval gunnery, absorbing the wily tactics of German and Japanese sub commanders and learning to spot enemy aircraft.

From their work as gun crew members in which they blasted a tiny target flag far out on the choppy surface of the lake, the men moved to the lighter anti-aircraft guns which are equally effective against surface craft and planes.

Anti-Aircraft Drill

For this drill with weapons which belch explosive shells at a rate of more than 500 a minute, balloons two feet in diameter were sent aloft as targets. These were fired at from 1,000 yards, tracer bullets showing accuracy of fire. Then came machine gun drills with guns down 300 yards out as targets.

Chief gunner's mate Andy Bazar, veteran navy gunner directing target activities aboard the gunboat U.S.S. Dover, said he was well satisfied with the shooting and added:

"Most of those lads are 'squirrel' shooters and they're just natural gunners. You can bet your last dollar they'll make things tough on the Nazis or Japs when they meet."

Basis for Peace To Be Radio Forum Subject

"Basis for a Just and Lasting Peace" is the topic for discussion on the weekly Marion Community Forum broadcast Sunday at 4:30 p. m. over Station WMRN.

A panel discussion will be presented by Dr. Charles E. Martz of Columbus, editor of "Our Times," Dr. E. E. Lewis, professor of education at Ohio State university and Dr. Robert Patton, professor of economics at Ohio State. Until five years ago Dr. Martz was professor of the history at Western Reserve university.

County School Superintendent D. T. Mills and Mrs. Everett B. Grigsby are co-chairmen of the program.

RECORDS AT NOTRE DAME

By The United Press

ST. AUGUSTINE, Fla.—Historical records of the Catholic church of St. Augustine are stored in the archives of the University of Notre Dame at South Bend, Ind., church officials revealed. Included are 15 volumes of the baptismal, burial and marriage records of the St. Augustine parish—which is probably the oldest in the United States—from 1594 to 1763.

Detroit Tigers Sweep Double-Header from Cleveland Indians, 4-2 and 2-0

Tribe Losing Streak Mounts To Six Straight Games in Twin Loss To Bengals.

By The Associated Press

CLEVELAND, Aug 13—Thumbers of the record books looked at the Indians today and sighed "they are just where they were last year when the great collapse began"

The Redskins dropped two tilts to Detroit yesterday, 4-2 and 2-0, for their fifth and sixth straight defeats Exactly a year ago yesterday Pitcher Bob Feller lost to the Tigers, 2-0, for the Tribes sixth successive setback

In the second game of the twin bill last year, Al Milnar turned in a five-hit performance and Cleveland won, 1-0 The victory put the Indians in second place with .546 average 11 games behind New York and 2½ ahead of Boston. But the Tribe finished the season in a tie for fourth

Cleveland is in third place today, 11½ in the wake of the Red Sox After losing the first game to the Tigers yesterday, Manager Lou Boudreau benched himself, Ray Mack and Roy Weatherly, and sent in Russ Peters, Oscar Grimes and Fabian Gaffke as replacements Last August Weatherly was accused of "missing signals" and was left here with three other regulars to practice hitting while the rest of the club took a short road trip

Yanks, Dodgers Win

While it may never earn them a citation from the office of defense transportation, the New York Yankees and Brooklyn Dodgers appear determined to save themselves and the baseball fans a lot of travel by keeping the 1942 World Series within range of a five-cent subway ride

Both teams won again yesterday.

At Ebbets Field, the Dodgers went to bat in the ninth inning of a scoreless pitching duel between their ace, Lefty Larry French, and Rube Melton of the Philadelphia Phils They loaded the bases and sent dangerous Dolph Camilli to the plate.

Camilli, however, waited out a walk which forced the winning run across, giving the Dodgers the verdict, 1-0.

Over in the Bronx, meanwhile, the Yankees went to bat against the Boston Red Sox with the score tied in the last half of the ninth They also loaded the bases with one away and brought up Charlie (King Kong) Keller.

Keller Homers

Keller slammed one 420 feet into the right-center bleachers for his 18th homer of the year and presented the Yankees with an 8-4 triumph

The Cards downed the Chicago Cubs twice, 9-1 and 8-3.

The Braves knocked the New York Giants loose from their hold on third place by sweeping a double-header, 1-0 and 8-2.

In the American league, the Yankee victory stretched New York's lead to 13 games over the Red Sox.

Elden Auker pitched the St Louis Browns to a 6-3 decision over the Chicago White Sox

A scheduled game between Washington and Philadelphia was postponed.

Vander Meer Racks 13th in 3-0 Win Over Bucs

By The Associated Press

PITTSBURGH, Aug. 13—The Cincinnati Reds today defend third place in the final and rubber game of a series with Pittsburgh.

Johnny Vander Meer beat the Pirates 3-0 last night, his third shutout for the Redlegs. The New York Giants yesterday dropped two at Boston and, idle today, trail the Reds by a half game

Paul Derringer, out to even his pitching record at seven-seven by a victory, and Luke Hamlin, who lost a game to the Reds in one-third of an inning last month, are the probable pitchers today

Vandy allowed only three hits in climbing to the top of the Redleg pitching crew with 13 victories against eight defeats He increased what is easily the highest strike-out total in the majors this campaign by seven to 120.

While the southpaw yielded a measly single in each of three different frames and four walks scattered in different innings, Redleg fielders racked up four doubleplays Rookie Catcher Al Lakeman turned two strikeouts into twin-killings by nipping base-stealing attempts and caught another runner at second Pittsburgh stranded just two runners

The Reds clubbed Truett 'Rip' Sewell for a dozen safeties

Frank McCormick, demoted from clean-up to seventh in the batting order after fanning twice Tuesday, had a perfect day at bat—three singles and a second-inning double behind Gee Walker's single to produce the first run Mac singled in an eight-inning rally and so did Max Marshall and Lakeman Two Pirate errors in the eighth helped to make the three hits good for two runs

Wide World Sports Columnist

NEW YORK, Aug. 13—Don't call that three-ring fight circus at the garden tonight an "all-star" affair if you want to stay on good terms with Mike Jacobs

Mike still remembers that famous tournament of champions," when he didn't exactly lose his shirt but lost enough to pay for a few dozen good ones, with collars, ties and cuff links Another war casualty is the Fox-catcher National Cup steeplechase, American counterpart of England's Grand National.

Today's Guest Star—Troy Gordon, Coffeyville, Kan., Journal: "Gaylord Enos, Seneca, Mo., shortstop who became too old to participate in Ban Johnson baseball, is umpiring in the Southeast Kansas circuit. And why not? It's common knowledge that when a player is too old for baseball he turns to umpiring." P. S—For the uninitiated: Ban Johnson baseball is for youths 21 and under.)

• • •

One-Minute Sports Page—Tip from the midwest is that Missouri will be the team to beat in Big Six football this year. The story has been going around for a couple of weeks that Mike Jacobs had reached some sort of an agreement with the army for a Louis-Conn fight, but when it finally busted into the papers yesterday, Mike's only comment was "I hope it's true."

Good hint on what to expect in the Chicago all-star football game comes from Bob Zuppke's remark: "Conventional football can't defeat the Bears." Zup is is coaching the all stars, and he doesn't like to lose.

• • •

Quote, Unquote—Mel Ott: "So there will be no possibility of doubt, I say right now that any of my pitchers who hits a man and costs me $200 will be fined $250 by me"

• • •

Last Laugh—Frank Frisch, whose opinion of umpires isn't very complimentary was popping off to Bill Klem one day, arguing that he could do the job a lot better than some of the major league 'Blind Toms' . . . 'I'll show you," Frank howled, and he waved his arm in a circle and roared, "Y-r-r-r-r- o-w-w-it." "I could do that all day," he added Klem just grinned 'No you couldn't," he replied "Suppose the batter was safe"

GALION HIGH GRID PRACTICE DATES SET

35 Candidates Get Call for Aug. 27 at Heise Park.

Special to The Star

GALION, Aug 13 — Head Coach James Lymper called 35 football candidates to report at Heise park field house Thursday, Aug 27, at 9.30 a m. After preliminary practice this number will be cut to 33, of whom 22 will be varsity members with the last 11 on the reserve squad.

Friday, Aug 28, will be contact practice, followed by drill on Saturday. Monday will mark the beginning of two practice sessions a day.

Galion's first football game will be Friday night, Sept. 18 at Tiffin Calvert, followed by a home game with Crestline at Heise park on Sept. 25 The first NCO league game will be played here with Bucyrus.

Lettermen returning to the squad this year will be Capt. Val Ramsey, Sam Chinni, Herb Jenkins, Bill Stoner, Kenneth Deisch and Harold Hoffman.

Other promising candidates expected to report are Salvadore Medrano, Richrd Durischi, Robert Epley, Arnold Smith, Clinton McFarland, Ralph Pollock, Robert Stoner, Richard Sipes, Harold Gilson, Ivan Beck, Herbert Durtschi, Andrew Plack, Ed Dougherty, Don Wolfelt, Charles Greibling, Paul Harsh and Armando Tuscan.

Robert Sheffer, basketball coach, will assist Lymper. A third coach will be hired later.

DAYTON BEATS SPRINGFIELD

SPRINGFIELD, O., Aug 13—Dayton defeated Springfield 2 to 0 in a Mid-Atlantic league game last night, but failed to gain in its drive to overtake first-place Charleston as the Senators decisioned Zanesville 8 to 4 to remain four and one-half games out front. Erie downed Canton 1 to 0 and 5 to 1 in a double-header.

BEN WHITE DRIVES THE AMBASSADOR TO HAMBLETONIAN WIN

Heavily-Favored Colby Hanover Not a Factor in Rich Race.

By The Associated Press

GOSHEN, N Y., Aug 13—The boys around the barns were saying that Ben White was too old to compete against 40 and 50-year-old youngsters," that Bill Strang's car was all bad when it came to winning the Hambletonian.

But Trainer-Driver White and Owner Strang, partners for some 15 years showed them yesterday when The Ambassador won the main trotting horse stake at Good Time park—the third time White has turned the trick and No 1 for Strang

"Maybe I'm too old," said the 69-year-old White, after The Ambassador had won the purse of $20,489 91 but I had a right smart horse in front of me and that can make up for a lot of years"

The bay son of Scotland-Margaret Arion came winging home with a length to spare in the third heat in 2 04 after taking the second in 2 06. He finished fifth in the first heat.

The victory brought revenge for Strang and White A year ago it was Robert H. Johnston's Bill Gallon of Charlotte, N C, that kept them out of first money Yesterday Johnston's Pay Up won the first heat in 2 06, but finished third in the second and in a dead-heat for fourth in the third

The first-heat victory gave Pay Up second money. Third went to Thomas Thomas' Scotland's Comet of Cleveland, with two seconds and a tenth; fourth to Lieut. Ebby Gerry's Seven Up, who surprised by taking second and third in the last two brushes after winding up last in the first; fifth to George Hempt's Follow Me of Camp Hill, Pa, and sixth to Mabel Hanover, owned by D J McConville of Ogdensburg, N. Y, and C F. Gaines of Sherburne, N Y.

The disappointment was the heavily played Colby Hanover 1941 juvenile champion, who never was a factor.

Jack Bloomfield, Martino Angelo To Meet in Armory Wrestling Feature

Leo Jensen-Flash Clifford and Ivan Kolimnkoff-Axel Madsen Matches Promise Exciting Card.

Making his first appearance of the season here against Martino Angelo Jack Bloomfield of New York City will attempt to extend his string to three straight falls in a main-go bout in Marion Angelo tonight at the armory arena.

After scoring two decisive triumphs in preliminary appearances here, Bloomfield of the two talented performers succumbs to Bloomfield in the here last winter

In Angelo, he faces one of the roughest men in the business Times Angelo becomes too rough For instance, last week he disqualified for unorthodox tics and two weeks ago he committed little short of mayhem before Referee Fishbaugh about the fight.

Because of Bloomfield's established background, Angelo is expected to use little fancy work in tonight's engagement The fight will be a two-fall event

Leo Jensen, the New Orleans athletic great, and Flash Clifford once an animal trainer with famed Clyde Beatty, will tangle in the one-hour semi-final event Both men won their fights here last week Jensen defeating Sailor Olsen and the Flash trimming Ivan Kalimkoff.

In the 30-minute preliminary to get underway at 8 30, Kalimkoff and Axel Madsen, the Dane star, will lock horns

GRAIN PRICES WAVER IN NARROW RANGE

By The Associated Press

CHICAGO, Aug. 13 — Only small orders were executed in the grain pits today as prices wobbled nervously in a narrow range.

Wheat was fractionally higher at times, reflecting some buying attributed to mills, and rye borrowed strength from the principal bread grain. Corn, on the other hand, declined slightly, ignoring a 22-year top for hog prices and average cattle prices around best levels since 1937.

Wheat closed unchanged to ⅞ lower compared with yesterday, September $1.17⅜-½, December $1.20⅛-¼; corn ⅛-⅜ down, September 86¼-¾, December 88⅝-½; oats ⅛-¼ down; rye unchanged; soybeans ⅛ lower.

MARKET SHIFTS IN SMALL AREA

Customers Maintain Wary Attitude Pending More Definite War News.

By The Associated Press

NEW YORK, Aug. 13 — The stock market shifted over a narrow area today as customers maintained a wary attitude pending more definite international developments.

While there were scattered exceptions, leaders came out in minor fractions at the start and, near the fourth hour, gains and losses were pretty evenly divided. Volume again was helped by sizable blocks of low-priced issues.

Bonds and commodities were a trifle scrambled.

In the stock division Chrysler, weak yesterday, steadied and pinned on a small recovery. Eastman Kodak dropped more than 2 points in belated response to the cut dividend.

Up occasionally were U. S. Steel, Santa Fe, Pan American Airways (at a new years high), American Airlines, Granite City Steel and Western Union. Lively movers, mostly unchanged, were Warner Bros., Aviation Corp., Graham-Paige and Consolidated Oil.

Receiving intermittent support in the curb were Creole Petroleum and American Cyanamid "B." Backward tendencies were shown by Aluminum Ltd., Niagara Hudson Power and United Wall Paper.

On the side of railway securities were the figures of the interstate commerce commission indicating that 126 Class I steam roads which have been reported had aggregate net income in the five months ended May 31, after taxes and charges, of $211,538,528 against $110,844,311 in the like 1941 period.

Notice was taken of the Dun & Bradstreet compilation disclosing that bank clearings in 29 cities, for the week concluded Wednesday, while 3.4 per cent under the previous week, topped the comparable days a year ago by 15.8 per cent. Portland, Ore., led with a gain of 34.8 per cent.

Pitfalls of Love

By ADELE GARRISON

MY FATHER'S quizzical smile still played around his mouth as I made my somewhat testy reply to his Quilpish question. If Dicky had been in his place, he would have adjured me "keep your blouse on," but my father is far too old-fashioned for such a retort.

"You mustn't be so sensitive," he told me. "I know of course that you would never bring such a flamboyant looking guest to the hotel, but I couldn't resist teasing you a bit.

"I approve entirely of your giving him the Underwood telephone number, and I do not think Richard will object. At any rate he will come over here tomorrow morning, and you can make the arrangements with him."

"Thank you," I said, then asked "How is Harry?"

"Almost completely recovered," my father answered. "If it were not for certain things for which I want them both to watch, there would be no need for Richard to stay there. Incidentally, I am going to loosen the reins a bit so that you may be able to see Richard more often and go out with him occasionally, and I will see to it that Katharine is never left alone here."

"That will be wonderful," I said. "I suppose she is asleep now."

"I think she is," he replied. "She went into the bedroom hours ago, saying she meant to go to sleep, and I have heard nothing from her since."

"Any more questions?" he asked, "or can we switch back to our original conversational track?"

"I'm sorry," I said, aware that sub-consciously I had been dodging further discussion of my restaurant experience.

Wants Madge's Impressions

"No harm done," he said, "but I am curious to know your impressions of that man while they are still fresh in your mind. I do not mean his description, which you gave so exceedingly well that I could almost see him myself. But did you at any moment, from his face, his figure or his voice, get the impression that beneath his disguise was someone you knew?"

I was not yet prepared to tell anyone, least of all my hard-headed, experienced father, of my fantastic conjecture concerning the identity of the man I met in the restaurant, that he might have written the queer fan letter Olina received, but I could give him certain deductions.

"I do not think he is anyone I know," I said slowly, "yet that is hard to tell. His eyes were completely hidden and his make-up is marvelous. In fact I am certain he is a comparatively young man.

"I think he purposely has made his voice more resonant so he should seem older. But once, when he spoke Olina's name, there was a nuance in it that seemed faintly reminiscent of something I could not place."

"Ah!" My father's voice lingered over the expletive, then he asked abruptly: "Anything else?"

"No, except that he impressed me as being truthful, sincere, and terribly in earnest, especially about the danger to Olga and to Olina."

"He doesn't know what precautions we are already taking about those two but I shall see that they are doubled, just on the chance that he may have stumbled on something fresh.

"And, one last thing; when he does contact you, I want you to arrange so that after your interview I may see him myself. I have a vague intuition that I may discover something interesting about him."

He rose, and kissed me when I rose to say "Good-night," then asked surprisingly: "How tired are you? Too tired to see Ronald for a few minutes?"

YOUR HEALTH

By LOGAN CLENDENING, M.D.

Undulant Fever

Forty years ago Dr. Richard Cabot, of Boston, used to reiterate to his medical students that in the Northern part of North America, if they had a patient with "a fever and nothing to show for it," the diagnosis was, in such a high proportion of cases as to make it a safe rule, one of three things—typhoid fever, tuberculosis or sepsis.

This excluded the malaria of our southern states and tropical diseases. By "with nothing to show for it" Dr. Cabot meant no pain, no skin eruption, no pointing symptoms.

Since then typhoid fever has dropped out of the lists. It is a relic of the Dark Ages. Whenever it occurs, somebody has made a mistake. But its place has been taken by undulant fever, and if we replace typhoid by undulant fever in Dr. Cabot's diagnostic list, the saying is still true.

Undulant fever is a newcomer in North America. The first case was identified in 1924. It had been known in the Mediterranean countries, the first carefully described cases being on the Island of Malta among goats-herdsmen, and was variously called Mediterranean fever, Malta fever and goat fever.

The germ that caused it infected goats, entered their milk and entered the human when he drank the goats' milk. Since then it has been found that a form of the germ infects cattle and another swine.

In the United States there were 24 cases reported in 1925 and 2497 in 1937. Although public health measures had probably actually reduced the number of cases in the meantime, the increase in the number reported is due to better diagnosis.

In the acute form it is a summer disease, probably because of the higher consumption and heavier contamination of milk in summer. The midwestern states have the largest number of cases. Cities are relatively free of cases, probably due to milk inspection and insistence on pasteurized milk in urban communities.

It is easy to understand how the germ can be transmitted to humans from infected animals in their milk. What is not so well appreciated is that the handling of the meat of infected animals and the handling of infected animals, such as in milking, will also transmit the disease. One physician says he never knew a veterinary surgeon who had not had the disease or at least did not show an immune reaction to it. And farmers, butchers, dairymen, packing house employes are especially susceptible to it.

The acute form is characterized by a prolonged fever day after day that lasts often several months. Nothing but fever and weakness and soreness of the muscles is present.

Treatment is largely the supportive treatment of chronic fever. Vaccine is generally given and shortens the attack.

For the average person protection is afforded by using pasteurized milk.

Tomorrow I wish to discuss the chronic form.

The Stars Say—

For Friday, Aug. 14

THE PROSPECTS for success and good fortune are rather fair on this day, with influential persons, friends, superiors and employers disposed to graciously proffer the helping hand where the ambitions are worthy and the efforts based on sound judgment and logic. Finances, prestige, employment as well as domestic, social and personal objectives should be under an expansive and productive influence.

Those whose birthday it is may look for a year of increase and growth in all the interests, business, financial and in personal prestige and popularity. Needed assistance and approbation may come from friends, influential persons, superiors and employers. The friendly element should enter into all relations with sociability, good fellowship and conviviality having its helpful place.

A child born on this day should be fairly ambitious and efficient, and may be promised the aid of those in high places.

Anniversary Party Is Held at Morral

MORRAL—Fifty members of the Brush Ridge and Morral Baptist churches surprised their pastor and his family, Rev. and Mrs. W. L. Cook and son Ray, Monday night at the parsonage here. The affair was in honor of Rev. and Mrs. Cook's wedding anniversary which was Aug. 8, when they observed their 27th anniversary and also the birthdays of both Rev. and Mrs. Cook, the former's birthday being Aug. 6 and Mrs. Cook, Aug. 10. Refreshments were served and a gift presented the celebrants.

Rev. and Mrs. Cook are planning a family dinner for next Sunday as a farewell feature for their son Roy, who will leave next Wednesday for Ft. Hayes, Columbus, where he will be inducted into the army. He has been employed in defense work at Martins Ferry, O., for some time and will leave from there.

Rev. and Mrs. Cook have three sons. The eldest, Ralph, lives at Charleston, W. Va.

GEE, ZERO—I'M TERRIBLE GLAD THE LADY DIDN'T LOCK THE LIBRARY DOOR 'CAUSE I THINK IT'S GONNA RAIN ALL NIGHT
GEE, IT'S SURE RAININ' HARD—I CAN SEE THE RAIN DROPS FALLIN' OUT NEAR THE LAMP-POST—THEY SHINE AN' SPARKLE JUST LIKE DIAMONDS—
BUT THE POOR FOLKS WHO DON'T HAVE ANY HOME OR MONEY—THEY DON'T THINK RAIN DROPS LOOK LIKE DIAMONDS, I BETCHA—
